

Acknowledgements

On behalf of the Buffalo City Municipality, I would like to express my gratitude to the citizens of the Greater Buffalo City area who showed their interest in the future of the City by participating in the process of developing this Integrated Development Plan, both in our Representative Forum and in consultations with Wards.

To all the Councillors involved, many thanks for your support and sharing your inputs with the IDP Unit and the Task Teams.

Thank you also to the Municipal staff who dedicated themselves to driving this process and producing the core of the final document. Thank you to the Task Team Leaders and their supporting members, and also to all the other staff “behind the scenes”.

Last but not least, a debt of gratitude is owed to the “skeleton” staff of the IDP Unit, particularly Riana Pretorius, Mthetho Ngaki and Peter King, as well as Tor Eriksson, whose services as an Urban Advisor in Buffalo City have been made possible by generous support from the Swedish International Development Co-operation Agency (Sida). Without their technical expertise, insight, patience and the ready willingness to work extraordinary hours, this IDP would certainly have lacked the shape and substance that it has eventually assumed.

Mxolisi Tsika
CITY MANAGER
