On 25 June 1998 a public presentation was held at the City Hall. This was advertised in the local newspaper, pamphlets were handed out and stakeholders contacted. The meeting was well attended by approximately 30 people. Written comments were requested.

Drawings presented at that meeting were displayed in the public library requesting comments. This too was mentioned in a local newspaper article.

A press release was prepared and sent to local and national press. Three articles appeared in the local press indicating a plan of the proposals.
