## **PART 1 – ANNUAL BUDGET**

### **1.1 EXECUTIVE MAYOR’S REPORT**

The City is tabling a total budget of R10.96 billion consisting of the operating expenditure budget of R8.87 billion and the capital budget of R2.09 billion for 2022/2023 budget year. This budget increases to R11.12 billion in the 2023/2024 financial year, made up of R9.31 billion for operating expenditure budget and R1.81 billion for capital budget. It further increases to R11.18 billion in 2024/2025 financial year made up of R9.89 billion for operating expenditure and R1.29 billion for capital budget.

The proposed annual budget for 2022/2023 to 2024/2025 outlines the funded commitments of the City to deliver on its Integrated Development Plan (IDP) and set strategies whilst effectively improving and supporting our communities.

After the 1 November 2021 local government elections, BCMM inaugurated 100 councillors into a new Council for 2021/2026 term of office. Out of 100 councillors, 50 are ward councillors and 50 are proportional representatives. These councillors are currently hard at work and continue to implement the IDP and MTREF Budget adopted by the previous Council.

The 2022/2023 MTREF is prepared amidst the ongoing Covid-19 pandemic which has resulted in many different economic challenges on the Buffalo City community. Rising unemployment rates and economic contraction has affected business and residents' ability to pay their accounts, including municipal accounts. The City had to adjust its spending levels downwards and keep the rates and tariff increases as low as possible to counteract the projected decline in revenue collections.

Through the District Development Model and work with the Presidency Infrastructure and Investment Unit, the City is working toward elevating its position as a future competitiveness node (as envisaged in the NDP).

The various waves of the pandemic brought about new dynamics and a further strain in terms of mitigation measures. Intensified protection measures have costed the City and businesses more. Resurgence resulted in the country adjusting Alert Levels, with closure and/or decline of other economic activities. The following key impacts occurred as a result thereof on local economy and strategic investments:

- Delayed or suspended investment decisions (both public and private sectors) – e.g. Airports Company South Africa (ACSA) expansion of the East London Airport, Berlin Solar Farm, Greenhouse/Tunnel and Agro-processing Ventures, Real Estate investments (BCMDA), Transnet National Ports Authority
- Further business closures
- Bleeding Tourism & Hospitality Industry (lowest occupancy rates ever)
- Retrenchments or downsizing
- Low uptake of the Loan Guarantee Scheme
- Ballooning Debtor's Book (Business & Residents)
- Global value chains affected, reduced demand for local products

A priority for the City is to implement its Economic Recovery Plan which requires a tight implementation plan with clear interventions for the automotive sector, agro-processing, the digital economy, the green economy, infrastructure and the property economy, revitalizing tourism (with an initial focus on domestic tourism) and the creative industries.

The Economic Recovery Plan was consolidated based on the following:

- National Treasury's economic and fiscal outlook
- Economic situation analysis that was undertaken in 2019 and in early 2020
- Input from consultation sessions held with local businesses across different industries in the Metro
- The SA COVID-19 Modelling Consortium
- The Eastern Cape Department of Health's Daily Epidemiological Reports
- Financial Performance of BCMM during 2020

The plan is aligned with the National Economic Reconstruction and Recovery Plan.

On 8 March 2022, the Honourable MEC for Finance in our Province tabled the provincial budget speech premised upon the following principles:

- Increase investment on projects that will grow the economy;
- Improve fiscal recovery through discipline and governance;
- Job creation through economic reconstruction and recovery plan;
- Protect and grow critical socio-economic infrastructure; and
- Good governance and accountability.

The above principles as set up by our Honourable MEC for Finance in our province are equally applicable to our City. The City remains committed in being the engine of economic growth within the province through:

- a) Proper planning and infrastructural development;
- b) Spreading of funds across social and economic infrastructure to ensure that the poor and the vulnerable remain a priority whilst also focussing on stimulating economic growth;
- c) Review of structures, processes, technology and skill development to improve revenue management;
- d) Evaluation of all our functions' effectiveness, efficiency and implementation of cost containment measures;
- e) Review of compliance and efficiencies across supply chain management in support of service delivery;
- f) Real and sustainable service delivery through improved implementation and productivity of performance management; and
- g) Improved execution of anti-fraud and corruption strategies, frameworks, policies, procedures and whistle blowing.
- h) Exploring innovative and sustainable alternative revenue sources by unlocking the potential in existing assets.

This budget is compiled underpinning our **key priorities of Water and Sanitation, Roads and Storm Water, Human Settlements Development, Transport Planning, Electricity** and related **critical infrastructure and maintenance**.

Our City will continue to increase capacity to **water supply infrastructure whilst also attending to aging infrastructure** for the service. We will continue with the roll-out of our **sanitation programme** in rural areas and informal settlements, as well as expanding the capacity of infrastructure **in our urban area to accommodate and open opportunities for further developments**. The City's rural sanitation backlog currently stands at approximately 6,290 and requires significant resource injection in order to completely eliminate it without losing sight of toilets that have already reached their useful life and need to be emptied and serviced in order to preserve human dignity of our rural communities.

Our four largest capital projects for **water services** are:

- **Augmentation of Water Treatment capacity** - Design and construction of additional sedimentation tank, augmentation of bulk water mains upgrading of BRPS and Mdantsane pump station;
- **Bulk Water Supply to Coastal areas** - Construction of bulk water supply, reservoirs and village reticulation to eradicate backlogs and augment water supply to coastal towns. A bulk water line connecting villages from Chalumna side to Umzonyana scheme is underway;
- **Amahleke Water Supply** - Design and construction of additional storage reservoir to provide a storage capacity of 36hrs to augment water supply to accommodate village extensions; and
- **Bulk Water Provision** - Replacement of existing infrastructure - Replacement of aging infrastructure to reduce bursts and installation of water meters (bulk & domestic) to reduce water losses.

Our largest capital projects for **sanitation services** are:

- **Provision of Sewer Diversion Tunnel** for unlocking development in the Amalinda Junction, Wilsonia, Fort Jackson and Reeston area.
- **Upgrading of Eastern Beach Sewer** - Provision of a parallel 1m diameter pipeline from Esplanade Street to City Pump Station in Bats Caves.
- **Provision of Ablution Facilities in Informal Settlements** - Provision of waterborne ablution facilities in informal settlements in the urban areas.
- **Upgrading of Hood Point Marine Discharge** - Upgrading of existing screening station, provision of primary sludge treatment facilities, and construction of a 1.4 km long deep-sea marine discharge outfall sewer.

Our **Transport Planning** working together with our **Roads and Stormwater** division continue to improve our Roads and Stormwater networks in order to ease traffic **congestions and improve mobility** within the City.

Our projects include:

- Rehabilitation and upgrading of approximately 7.8km of Settlers Way from the airport intersection to Pontoon Rd Robots. Rehabilitation of the existing road surface, construction of an additional lane of traffic in each direction, Construction of a kerb and gutter, stormwater drainage, sidewalks, public transport facilities and reconfiguration of the existing intersections.
- **Military Road** includes the rehabilitation and widening of approximately 2.2 km of Road between Settlers Way and Bank St, including turning lanes, kerbing, stormwater drainage, sidewalks, and intersection upgrades including the reconfiguration of intersections.
- **The Mdantsane Roads Upgrade** project is for the upgrade of existing gravel roads in Mdantsane to surfaced standards. It is a multi-year multi-phase project aimed at eradicating gravel roads in the residential area of Mdantsane. Phase 3 is complete.

Our **Human Settlements** directorate will continue with the development of new human settlements and **upgrading of informal settlements** to restore dignity to those that do not have shelter. In the financial year 2020/2021, the City had completed 468 top structures, 414 internal services and 1 714 beneficiaries were registered in the National Housing Needs Register (NHNR). This has a major impact on the programme of moving from dense & health hazardous informal settlements where there are currently sharing ablution facilities and further expose people to numerous opportunistic diseases. The relocation of people to individual serviced sites also helps in reduction of fire disasters that leave people destitute having lost lives and their belongings. It further creates space for construction of permanent houses in the areas where people were evacuated.

Our **Electricity and Energy** department provides formal electrification of 40-amps service connections to all RDP dwellings which is above the national minimum standard of 20-amps required by the Department of Energy. In respect of informal electrification, 900 informal dwellings have been electrified. In order to effectively reduce electricity losses and other effects of illegal connections, this program needs to increase in numbers. BCMM has a growing population of informal dwellings due to migration of people from rural areas in search of employment opportunities.

BCMM continues to investigate potential alternative sources of energy to ensure a more sustainable energy mix by 2030. Several sustainable energy initiatives have been planned for implementation by the municipality. Energy-efficient municipal operations will provide a way to cut running costs while reducing negative impact on the natural capital.

As part of the long-term plan on human capital development, the City continues to allocate funding for internship programmes and internal capacity building and bursaries for BCMM communities. The Directorate of Economic Development & Agencies is running various programmes in a bid to reduce unemployment and indigent rate in our City.

The economic slowdown has emphasized the need for further infrastructure investment especially in industrial and business districts in order to stimulate economic growth and employment generation.

The City is acutely aware of the need to create and maintain an attractive ambience through City beautification and good green deeds. Not only do these create employment but a clean green city is attractive to tourists and investors. It also adds towards improving the quality of life of our citizens. The City's partnership with the local business chambers, big corporates and Buffalo City Metropolitan Development Agency is in the right path towards achieving this. A lot of investment, awareness raising and education on the communities is still required to change the mindset and culture.

BCMM is focused on re-prioritising the budget, projects and resources where they are needed most and where they will have the most significant impact. The presented budget attests that BCMM is a City hard at work and will continue to build a stronger social compact with business, labour and communities to accelerate development in the 2022/2023 MTREF period.

Yours in Public Service,

Cllr Xola Pakati

**BCMM Executive Mayor**

## 1.2 COUNCIL RESOLUTIONS

On 31 May 2022 the Council of Buffalo City Metropolitan Municipality convenes to consider the Revised 2022/2023 Integrated Development Plan (IDP), 2022/2023 Medium Term Revenue and Expenditure Framework (MTREF) and Built Environment Performance Plan (BEPP). It is recommended that the Council approves and adopts the following resolutions:

1. The Council of Buffalo City Metropolitan Municipality, acting in terms of Section 34 of the Municipal Systems Act, 32 of 2000 **approves** and **adopts** the Revised 2022/2023 Integrated Development Plan (IDP).
2. The Council of Buffalo City Metropolitan Municipality, acting in terms of Division of Revenue Act (DoRA), **approves** and **adopts** the 2022/2023 Built Environment Performance Plan (BEPP).
3. The Council of Buffalo City Metropolitan Municipality, acting in terms of section 24 of the Municipal Finance Management Act, (Act 56 of 2003) **approves** and **adopts**:
  - 3.1. The Consolidated Annual Budget of the municipality for the 2022/2023 MTREF and the multi-year and single-year capital appropriations as set out in the following tables:
    - 3.1.1. Budgeted Financial Performance (revenue and expenditure by functional classification) as contained on **{Table 19}**;
    - 3.1.2. Budgeted Financial Performance (revenue and expenditure by municipal vote) as contained on **{Table 20}**;
    - 3.1.3. Budgeted Financial Performance (revenue by source and expenditure by type) as contained on **{Table 21}**; and
    - 3.1.4. Multi-year and single-year capital appropriations by municipal vote and functional classification and associated funding by source as contained on **{Table 22}**.
    - 3.1.5. Financial Position as contained on **{Table 23}**;

- 3.1.6. Budgeted Cash Flows as contained on **{Table 24}**;
- 3.1.7. Reserves and accumulated surplus reconciliation as contained on **{Table 25}**;
- 3.1.8. Asset management as contained on **{Table 26}**; and
- 3.1.9. Basic service delivery measurement as contained on **{Table 27}**.

3.2. The Annual Budget of the parent municipality for the 2022/2023 MTREF and the multi-year and single-year capital appropriations as set out in the following tables:

- 3.2.1. Budgeted Financial Performance (revenue and expenditure by functional classification) as contained on **{Table 95}**;
- 3.2.2. Budgeted Financial Performance (revenue and expenditure by municipal vote) as contained on **{Table 96}**;
- 3.2.3. Budgeted Financial Performance (revenue by source and expenditure by type) as contained on **{Table 97}**; and
- 3.2.4. Multi-year and single-year capital appropriations by municipal vote and functional classification and associated funding by source as contained on **{Table 98}**.
- 3.2.5. Budgeted Financial Position as contained on **{Table 99}**;
- 3.2.6. Budgeted Cash Flows as contained on **{Table 100}**;
- 3.2.7. Reserves and accumulated surplus reconciliation as contained on **{Table 101}**;
- 3.2.8. Asset management as contained on **{Table 102}**; and
- 3.2.9. Basic service delivery measurement as contained on **{Table 103}**.

3.3. The Annual Budget of the municipal entity (BCMDA) for the 2022/2023 MTREF as set out in the following tables:

- 3.3.1. Budgeted Financial Performance (revenue by source and expenditure by type) as contained on **{Table 71}**;
- 3.3.2. Budgeted Financial Position as contained on **{Table 73}**;
- 3.3.3. Budgeted Cash Flows as contained on **{Table 74}**;
- 3.3.4. Budgeted Capital by asset class and Funding as contained on **{Table 72}**

4. The Council of Buffalo City Metropolitan Municipality, acting in terms of section 75A of the Local Government: Municipal Systems Act (Act 32 of 2000) **approves** and **adopts** tariffs (percentage increase) contained on **{Table 39}** effective from 1 July 2022:
  - 4.1. Property rates – as set out in Annexure F
  - 4.2. Electricity charges– as set out in Annexure F
  - 4.3. Water charges – as set out in Annexure F
  - 4.4. Sanitation services – as set out in Annexure F
  - 4.5. Solid waste services – as set out in Annexure F
  - 4.6. Other services as set out in Annexure F
  
5. To give proper effect to the Consolidated Annual Budget, the Council of Buffalo City Metropolitan Municipality **approves**:
  - 5.1. That an indigent subsidy be granted to registered indigents in terms of Council's Indigent Policy.
  - 5.2. That an indigent consumer be given an average social subsidy package on his/her account per month, which includes a maximum of 50kwh for electricity and 6kl for water as contained on table 15.
  
6. The Buffalo City Metropolitan Municipality Council, **approves** and **adopts** the revised budget related policies:
  - 6.1. Property Rates Policy – as set out in Annexure H
  - 6.2. Supply Chain Management Policy – as set out in Annexure I
  - 6.3. Immovable Asset Policy – as set out in Annexure J
  - 6.4. Movable Asset Policy – as set out in Annexure K
  - 6.5. Budget Virement Policy – as set out in Annexure L
  - 6.6. Credit Control Policy – as set out in Annexure N
  - 6.7. Indigent Support Policy – as set out in Annexure O
  - 6.8. Long-Term Borrowing Policy – as set out in Annexure P
  - 6.9. Investment & Cash Management Policy – as set out in Annexure T

7. That Council **notes** the budget-related policies adopted in the previous financial years and where no amendments have been made after review, as listed in Section 2.4.1 of this report and are available on BCMM's website at [www.buffalocity.gov.za](http://www.buffalocity.gov.za) .
8. That in terms of Section 24(2)(c)(iii) of the Municipal Finance Management Act, 56 of 2003, the measurable performance objectives for capital and operating expenditure by vote for each year of the medium-term revenue and expenditure framework as set out in Supporting Table SA7 **{Table 34}** be **approved**.
9. That in terms of Section 24(2)(c)(iv) of the Municipal Finance Management Act, 56 2003, the Draft Integrated Development Plan be **approved**.
10. Council **notes** that the Consolidated 2022/2023 MTREF Budget tabled for adoption is structured in terms of the Buffalo City Metropolitan Municipality votes and functions.
11. MFMA Circular 112 and 115 for the 2022/2023 MTREF attached as Annexure W be **noted** by Council.

---

**X. PAKATI**  
**EXECUTIVE MAYOR**  
**BUFFALO CITY METROPOLITAN MUNICIPALITY**

### **1.3 EXECUTIVE SUMMARY**

Our priorities as a City are framed by our 2030 Metro Growth and Development Plan. The coronavirus continues to place restrictions and uncertainty on our plans for economic recovery. Financial stability and sustainability remain a key focus for our 2022/2023 MTREF together with looking after the needs and inclusivity of all our residents.

The City has seen itself through two extremes of climate change. Whereas a year ago the region was facing a relentless drought, in January 2022 it witnessed a flash flood along its coastal region which saw unprecedented volumes of water infiltrating the City's infrastructure, causing damages to infrastructure and fatalities to the City's dwellers along the way. This resulted into dams filling up from 25 per cent total storage to above 50 per cent within a short space of time. The City saw itself finally able to ease punitive tariffs to consumers from stage 3 to stage 2, which will be a welcome relief to the pockets of consumers. The dams are slowly filling up and the situation of our raw water resources is monitored jointly with the Department of Water and Sanitation in the province.

Water and electricity losses remain unacceptably high. Electricity losses increased from 19.4 per cent in 2019/2020 to 22.8 per cent in 2020/2021 and water losses remained steady at 36.3 per cent in the same years. The impact that rural to urban migration has on electricity losses cannot be ignored. The increasing unemployment rate in rural communities leave those communities with no option but to look for employment in urban centres; Buffalo City is not immune from this. Electricity theft has increased over the past years and the areas that contribute mostly in electricity theft are the informal settlements. In order to address the above challenge, informal settlements are being electrified in suitable areas, to offer those living in these areas' legal connections.

The City believes that the smart meter intervention will bring a meaningful change in both water and electricity losses as smart meters allow early detection of spikes in consumption and meter tempering. Furthermore, the City wishes to investigate the piloting of prepaid water meters to its high-end users, and hopefully roll this new

technology out to more water users in order to manage water wastage and enhance revenue collection. This is being conceptualised at this stage and hopefully opportunities in this field will present win-win situations for both the City and its citizens.

Our economic recovery and investment plan include:

- Automotive consolidation and value chain localization (retain MBSA, build on ELIDZ supplier park, establish automotive incubator, shift to auto digital hub)
- Diversification towards a future fit economy (digital, green, agro-industry, creative economy, tourism)
- Inclusivity (township economy, small enterprise support, local procurement, incubator programmes, public employment programmes, future skills hub)
- Enabling infrastructure (port, roads, water and sanitation, digital)
- Investment retention and promotion (red-tape reduction, becoming the cheapest metro to do business by 2026, investment centre with automated property application process)
- Eco-system co-ordination and partnerships (leveraging rest of government and state through DDM, partnerships with Border Kei Business Chamber around Invest Buffalo City, Business Intelligence Desk)

The Revenue base has remained stagnant only increasing by the increase in the annual tariffs. In order for the City to grow there needs to be growth in the Revenue base from new investments and expansion of current investments. Revenue enhancement strategies to enhance the revenue base of the City include:

- Optimisation of investment property usage;
- Introduction of new revenue streams;
- Centralisation and automation of cash collection points;
- Densification of our City through development of vacant land parcels in line with the City's SDF.

In order to achieve the long-term financial stability, stronger controls within BCMM is critical and several interventions have already been implemented in a bid to achieve more

accurate billing, revenue collection as well as reducing the backlog of queries. Increased review and reconciliation are some of the internal control measures that are underway in order to provide reasonable steps to prevent or significantly reduce these instances. The City is strengthening financial management, driving operational efficiency and enforcing good governance and financial accountability.

The consolidated budget for the 2022/2023 MTREF period is R10.96 billion (2022/2023), R11.12 billion (2023/2024) and R11.18 billion (2024/2025) with the table below summarising the consolidated overview of the 2022/2023 MTREF Budget.

**Table 1: Consolidated Overview of the 2022/2023 MTREF Budget**

DESCRIPTION	2021/2022 ADJUSTMENT BUDGET	2022/2023 FINAL BUDGET	INCREASE OR (DECREASE) %	2023/2024 FINAL BUDGET	2024/2025 FINAL BUDGET
Total Operating Revenue	8 302 727 545	8 871 638 755	6,85	9 308 750 475	9 889 494 271
Total Operating Expenditure	8 300 360 631	8 870 409 449	6,87	9 306 333 162	9 887 741 430
<b>Surplus/(Deficit) for the year</b>	<b>2 366 914</b>	<b>1 229 306</b>		<b>2 417 313</b>	<b>1 752 841</b>
Total Capital Expenditure	1 827 549 883	2 086 362 240	14,16	1 811 183 298	1 288 703 466
<b>Total Opex and Capex Budget</b>	<b>10 127 910 514</b>	<b>10 956 771 689</b>		<b>11 117 516 460</b>	<b>11 176 444 896</b>

The following budget principles informed the compilation of the 2022/2023 MTREF:

- a) Consumer Price Inflation (CPI), 4.8% in 2022/2023, 4.4% in 2023/2024 and 4.5% in 2024/2025 financial year;
- b) High unemployment rate resulting in high bad debts, the revenue collection rate has been projected at 80.5% throughout the 2022/2023 MTREF period;
- c) The National Energy Regulator of South Africa (NERSA) has approved an increase of 7.47% in Electricity Bulk purchases, the same increase of 7.47% will be applied in electricity tariffs for 2022/2023. For the outer years, electricity tariffs are projected to increase by 8.47% and 9% respectively;
- d) The guidance provided on MFMA Circular No. 115 as well as the existing Salary and Wage Collective Agreement has been followed in projecting salary and wage increases of 4.8% in 2022/2023, 4.4% in 2023/2024 and 4.5% in 2024/2025;

- e) Amatola Water Board has approved an increase in bulk water tariffs of 5.78% from 01 July 2022, this excludes the drought tariff of 3.66% that is proposed by the Amatola Water Board to charge the Metro. Therefore, in pursuit for full cost of recovery for the Metro, the water service tariff increase is projected at 6.78% in 2022/2023. An increase of 7.78% and 9% is projected for both 2023/2024 and 2024/2025 respectively.

Considering the above indicators, the City's consolidated operating revenue increased by 6.85% for the 2022/2023 financial year when compared to the 2021/2022 adjustment budget. The operating revenue increase is mainly attributable to tariff increases. For the two outer years, operational revenue will increase by 4.93% and 6.24% respectively.

The consolidated operating expenditure increase is 6.87% from 2021/2022 adjustment budget to the 2022/2023 budget year. The operating expenditure increase is mainly attributable to debt impairment, electricity bulk purchases and salary inflation increase.

BCMM is striving to budget for a surplus over the MTREF, with the intention of building cash reserves to increase investment in economic and social capital expenditure, thereby reducing reliance on grant funding. The funding mix of the capital budget is being optimised by increasing the borrowings.

#### **1.4 OPERATING REVENUE FRAMEWORK**

In these tough economic times strong revenue management is fundamental to the financial sustainability of the municipality which is critical in terms of achieving the City's service delivery and economic objectives. The reality is that the City is faced with development backlogs that emanate from the historical background. Furthermore, economic circumstances, such as increasing rates of unemployment and poverty impact the ability of households to pay their accounts.

The City will focus on ensuring that all billable revenue is correctly charged and adequately collected. Improved revenue generation allows for the City to deliver quality services and thereby improving quality of life of communities.

Cost containment measures are being implemented by the City in an effort to achieve operational efficiency and avoid budget deficit. The implementation of these initiatives over the MTREF period will ensure the financial sustainability of the municipality.

The City's revenue strategy is built around the following key components:

- National Treasury's guidelines and macroeconomic policy;
- Growth in the City and continued economic development;
- Efficient revenue management, which aims to ensure an annual collection rate for property rates and other key service charges for the 2022/2023 financial year that is within the National Treasury acceptable norms;
- Implement electricity tariff increases that are in line with the National Electricity Regulator of South Africa (NERSA) Guidelines and approval;
- Achievement of full cost recovery of specific user charges especially in relation to trading services;
- Determining the tariff escalation rate by establishing/calculating the revenue requirement of each service;
- Perform regular Supplementary Valuations;
- Implementation of a General Valuation every four years in terms of the Municipal Property Rates Act;
- Implementation of an automated meter reading as opposed to a manual process where feasible;
- Increase ability to extend new services and recover costs;
- The municipality's Indigent Policy and rendering of free basic services;
- Creating a conducive environment to attract potential investors; and
- Review of the Spatial Development Framework to allow proper use and densification of land parcels.

The following table is a summary of the 2022/2023 MTREF (classified by main revenue source):

**Table 2: Summary revenue classified by revenue source**

In line with the formats prescribed by the Municipal Budget and Reporting Regulations, capital transfers and contributions are excluded from the operating statement.

The following graph gives a breakdown of the main revenue categories for the 2022/2023 financial year:

**Figure 1: Main Operating Revenue categories for the 2022/2023 financial year**

In 2022/2023 the City's own revenue generated property rates and service charges is 70% of the total revenue totalling to R6.21 billion, slightly increases to 71% (R6.62 billion) and 72% (R7.08 billion) in 2023/2024 and 2024/2025 financial years respectively.

Electricity service remains the largest contributor to the total revenue mix as it contributes 29% of revenue in the 2022/2023 financial year. Electricity revenue increases from R2.55

billion in 2022/2023 to R2.77 billion and R3.01 billion respectively in the two outer years of the 2022/2023 MTREF period.

Property rates are the second largest own revenue source with 22% contribution in the 2022/2023 financial year. Property rates increases from R1.96 billion in 2022/2023 to R2.04 billion and R2.14 billion respectively in the two outer years of the 2022/2023 MTREF period.

The revenue for water services is increasing from R0.850 billion in 2022/2023 to R0.916 billion in 2023/2024 and further increases to R0.998 billion in 2024/2025 financial year.

Transfers and subsidies (Transfers recognised - operational) contribute 16% to the operating revenue in the 2022/2023 financial year. Transfers and subsidies totals R1.45 billion in the 2022/2023 financial year and slightly increases to R1.48 billion by 2024/2025. This revenue component reflects a slight increase over the MTREF as a result of reduction in allocations by Provincial and National Government.

The following table gives a breakdown of the various operating grants and subsidies allocated to the Metro over the 2022/2023 MTREF period.

**Table 4: Table SA18 - Operating Transfers and Grant Receipts**

## **Breakdown of major components for the 2022/2023 Revenue Sources:**

### **1.4.1 Property Rates**

Property rates are a major source of revenue income for the City and contribute to cover the cost of the provision of general services. The property rates are to be levied in accordance with Council policies, the Local Government Municipal Property Rates Act 2004 (MPRA), the MPRA Regulations, the Local Government: Municipal Finance Management Act (MFMA) 56 of 2003.

Property rates are based on values indicated in the General Valuation (GV) Roll 2017, which was implemented from 01 July 2018 and is valid up until 30 June 2022. BCMM applied for an extension of the validity of the valuation roll to five (5) financial years in terms of section 32 (2)(b)(i) of the Municipal Property Rates Act (MPRA). The application for extension was approved and therefore the current roll is valid up until 30 June 2023. The valuation roll is being updated for properties affected by land sub-divisions, alterations to buildings, demolitions and improvements through Supplementary Valuations (SV). Accordingly, the rates levied per individual property will depend on that property's value compared with the valuation of all the rate-able properties in the municipal area. Rebates and concessions are granted to certain categories of property usage and/or property owner.

The Local Government: Municipal Property Rates Amendment Act 29 of 2014 amended the principal Act (MPRA 6 of 2004). In terms of Section 8(2) of the amendment Act, a municipality must determine the following categories of rateable property, provided that such property category exists within the municipal jurisdiction:

- a. Residential properties
- b. Industrial properties
- c. Business and Commercial properties
- d. Agricultural properties
- e. Mining properties
- f. Properties owned by an organ of state and used for public service purpose

- g. Public service infrastructure properties
- h. Properties owned by public benefit organisations and used for specified public benefit activities
- i. Properties used for multiple purposes, subject to Section 9; or
- j. Any other category of property, including vacant land as may be determined by the Minister, with the concurrence of the Minister of Finance, by notice in the Gazette.

The following stipulations in the Property Rates Policy are highlighted:

- i. The first R15 000 of the market value of a property used for residential purposes is excluded from the rateable value (Section 17(h) of the MPRA).
- ii. For pensioners, physically and mentally disabled persons including medically boarded persons, a rebate of up to 100% will be granted to owners of rate-able property according to their income levels if the total gross income of the applicant and/or his/her spouse, if any, does not exceed R15 000 per month. In this regard the following stipulations are relevant:
  - a. The rateable property concerned must be occupied only by the applicant and his/her spouse, if any, and by dependants without income;
  - b. The applicant must submit proof of his/her age and identity and, in the case of a physically or mentally handicapped person, a letter from SASSA confirming that the individual received disability grant, proof also proof of the annual income from a social pension;
  - c. The applicant's account must be paid in full, or if not, an arrangement to pay the debt should be in place; and
  - d. The property must be categorized as residential.
- iii. The Municipality may award a 100% rebate on the assessment rates of rateable properties of certain classes of Public benefit organisations and not for gain institutions such as registered welfare organizations, institutions or organizations performing charitable work, sports grounds used for purposes of amateur sport. The owner of such a property must apply annually to the Chief Financial Officer in the prescribed format for such a rebate.

The categories of rateable properties for purposes of levying rates and the proposed rates tariffs for the 2022/2023 financial year increase by 4.8% (4.4% increase in 2023/2024 and 4.5% increase in 2024/2025) as indicated by the table below:

**Table 5: Comparison of proposed rates to be levied for the 2022/2023 financial year**

CATEGORY	Existing tariff (from 1 July 2021)	New tariff (from 1 July 2022)
	Cents	Cents
Residential Property (incl. farms or smallholdings used for Residential purposes)	0,013615	0,014269
Agricultural Property (used for Bona-fide Farming)	0,003404	0,003567
Public Service Infrastructure	0,003404	0,003567
Business, Commercial & Industrial Property (incl. farms used for Game- / Eco Tourism)	0,034038	0,035672
Mining / Quarry Property	0,034038	0,035672
Vacant Land	0,040846	0,042806
Public Benefit Organisations	0,003404	0,003567
Public Service Purposes	0,021785	0,022831

#### **1.4.2 Sale of Water and Impact of Tariff Increases**

An analysis was undertaken to determine what tariff requirements would be needed to achieve a break-even position. The affordability of consumers' needs to be taken into consideration in order to limit a significant annual impact. The analysis should also assess if the tariff is cost reflective. This analysis suggests an impact of 6.78% increase in 2022/2023 financial year, and the main cost driver is above the CPI increase that is charged by Amatola Water Board on bulk purchases. For the two outer years, the proposed increase is 7.78% and 9% respectively. It needs to further be recognised that the institution purchases most of its untreated water from the Amatola Water Board. The tariff increases address essential operational requirements, maintenance of existing infrastructure, new infrastructure provision and to ensure the financial sustainability of the service.

The water tariff structure of the 2022/2023 financial year has not been changed. The tariff structure is designed to charge higher levels of consumption at a higher rate, steadily increasing to a rate of R45.6044 per kilolitre for consumption in excess of 30kℓ per 30-day period from a rate of R19.7962 for the consumption that does not exceed 6kl per 30-day period (refer to table 6 below). Amatola Water has proposed an increase of 5.78% in its bulk water tariffs from 01 July 2022; this excludes the drought tariff of 3.66% that is proposed by the Amatola Water Board to charge the Metro. The 6 kℓ water per 30-day period will again be granted free of charge to all indigent residents.

There continues to be ongoing concerns with regard to water:

- i. The City's water quality was at the helm of the local papers and radio shortly after the flash floods. The City was able to adequately address the challenge of water turbidity and was able to assure its citizens as soon as the water became SANS 241 compliant again and is safe to drink.
- ii. Water losses continue to be high. The primary reason for this is vandalism of infrastructure by criminals looking for copper to sell, and secondarily, a combination of the ageing infrastructure, illegal connections, illegal car washes across all informal areas, indigent consumers using water in excess of that allowed for in the Indigent Policy.
- iii. An analysis of the Amatola Water Board costs suggests the majority are salary related which the Municipality is funding in duplicate through direct costs of individuals employed by the City and then through the tariff paid to Amatola Water Board.
- iv. The fact that BCMM is having a high number of rural areas has a negative impact to the water service as no revenue is generated on water supplied to rural areas and informal settlements.

South Africa faces similar challenges with regard to water supply as it does with electricity, since demand growth outstrips supply. The drought that is currently experienced by the country is negatively affecting the cost of providing water service. National Treasury has

always been encouraging all municipalities to carefully review the level and structure of their water tariffs to ensure:

- i. Water tariffs are fully cost-reflective – including the cost of maintenance and renewal of purification plants, water networks and the cost associated with reticulation expansion;
- ii. Water tariffs are structured to protect basic levels of service and ensure the provision of free water to the poorest of the poor (indigent); and
- iii. Water tariffs are designed to encourage efficient and sustainable consumption.

The City is implementing the following projects to reduce water losses:

- i. Pipe and water meter replacement programme is implemented to reduce water losses that are due to ageing infrastructure, which frequently bursts.
- ii. Installation of bulk water meters on communal standpipes, ablution blocks, reservoir supply zone, flat rated areas to account for all the water that is provided free of charge, non-metering of this water is often construed as physical water losses.
- iii. Installation of pressure reducing valves helps to reduce the number of pipe bursts and the volume of water lost when there is a break down
- v. Conducting feasibility studies aimed at digitising its water network from uMzonyana Water Treatment Plant by installing the latest available technologies in telemetry. This will extend to other areas of the Metro on advice of this study.
- iv. Installation of data loggers is used for monitor night flows, which is an indicator of water leaks in a particular supply zone.
- v. Indigent leak repair programme, indigent consumers with high consumptions are identified and assisted with internal repairs to reduce water losses. Consumers are also encouraged to use low volume toilet or waterless and composting toilets.
- vi. Water loss awareness campaigns is done in order to educate communities about water saving and helps to reduce vandalism of water infrastructure.

A summary of the proposed tariffs for households (residential) and non-residential are as follows:

**Table 6: Proposed water tariffs**

<b>CATEGORY</b>	<b>CURRENT TARIFFS 2021/2022 Rand per kℓ</b>	<b>NEW TARIFFS 2022/2023 Rand per kℓ</b>
<b>RESIDENTIAL</b>		
0 to 6 kℓ per 30-day period (Indigent)	0,0000	0,0000
0 to 6 kℓ per 30-day period (Non-Indigent)	18,5393	19,7962
7 to 10 kℓ per 30-day period	18,9028	20,1844
11 to 20 kℓ per 30-day period	26,2535	28,0335
21 to 30 kℓ per 30-day period	34,0324	36,3398
More than 30 kℓ per 30-day period:	42,7087	45,6044
<b>NON-RESIDENTIAL</b>		
From the 1 <sup>st</sup> kℓ per 30-day period	29,8928	31,9195

The following table shows the impact of the proposed increases in water tariffs on the water charges for a single dwelling-house:

**Table 7: Comparison between current water charges and increases (Domestic)**

<b>Monthly Consumption kℓ</b>	<b>Current amount Payable R</b>	<b>New amount payable R</b>	<b>Difference (Increase) R</b>	<b>% change</b>
<b>10</b>	186,85	199,52	12,67	6,78%
<b>20</b>	449,38	479,85	30,47	6,78%
<b>30</b>	789,71	843,25	53,54	6,78%
<b>50</b>	1 643,88	1 755,34	111,46	6,78%
<b>75</b>	2 711,60	2 895,44	183,85	6,78%
<b>100</b>	3 779,32	4 035,55	256,24	6,78%

### 1.4.3 Sale of Electricity and Impact of Tariff Increases

For purposes of the MTREF Budget, the electricity tariff structure has been left unchanged. The City is still in the process of investigating the implementation of change in the electricity tariff structure through the National Treasury guidelines for possible implementation of stepped tariff. The inadequate electricity bulk capacity and the impact on service delivery and development remains a challenge for the City. Most of the suburbs and inner-city reticulation network was designed or strengthened in the early 1980's with an expected 20-25-year life-expectancy. The upgrading of the City's electricity network has therefore become a strategic priority, especially the substations and transmission lines. NERSA issued a guideline to all municipalities detailing the increase of bulk purchases and approved tariff increase that the municipalities must apply which is to be effective from 1 July 2022.

The approved increase as communicated in the NERSA guideline is 7.47% for bulk purchases and the Metro is applying the same increase for electricity tariff in the 2022/2023 financial year. Registered indigents will again in the 2022/2023 MTREF be subsidized for the first 50 kWh per 30-day period free of charge, while the discounted Life-Line tariff for the second 50 kWh per 30-day period is available to all registered indigents and pensioners. The budget for the Electricity Division can only be utilised for certain committed upgrading projects and to strengthen critical infrastructure (e.g. substations without back-up supply).

**Table 8: Comparison between current electricity charges and increases (Domestic)**

<b>Monthly Consumption kWh</b>	<b>Current amount Payable R</b>	<b>New amount payable R</b>	<b>Difference (Increase) R</b>	<b>% change</b>
<b>100</b>	233,55	250,99	17,45	7,47%
<b>250</b>	583,86	627,48	43,61	7,47%
<b>500</b>	1 167,73	1 254,96	87,23	7,47%
<b>750</b>	1 751,59	1 882,44	130,84	7,47%
<b>1,000</b>	2 335,46	2 509,92	174,46	7,47%
<b>2,000</b>	4 670,92	5 019,84	348,92	7,47%

#### 1.4.4 Sanitation and Impact of Tariff Increases

The tariff will increase by 4.8% for sanitation from 1 July 2022. The sanitation charges are calculated according to the relative size of the erf on which the property is located for domestic consumers, for business consumers the tariff also consider the number of pans that are in the property structure.

Tariff increases are required to ensure the financial sustainability of the service. Ageing infrastructure is expected to impact on the amount of maintenance expenditure required. The input costs associated with salaries are proposed to increase by 4.8%.

The expansion of the City through continued investment in new infrastructure for future demand places additional pressure on the existing customer base in order to allow for the replacement of the infrastructure in the future. It is imperative that expansion be adequately planned to allow for maximum connection of new customers and reduced impact on tariffs in the long run.

The following table shows the impact of the proposed increases in annual tariffs on the sanitation charges for a single dwelling residence:

**Table 9: Comparison between current annual sanitation charges and increases, single dwelling- houses**

Category	Current amount Payable	New amount Payable	Difference (Increase)	% change
	R	R	R	
Erf: 0 – 300m <sup>2</sup>	1 224,35	1 283,48	59,13	4,8%
Erf: 301 – 400m <sup>2</sup>	1 945,22	2 038,26	93,04	4,8%
Flat: Complex	3 084,35	3 232,17	147,83	4,8%
Flat: Ordinary	3 407,83	3 571,30	163,48	4,8%
Flat: Semi	3 407,83	3 571,30	163,48	4,8%
Cluster/Town Houses	4 218,26	4 420,87	202,61	4,8%
Erf: 401 – 800m <sup>2</sup>	5 068,70	5 312,17	243,48	4,8%
Erf: 801 – 1200m <sup>2</sup>	5 468,70	5 731,30	262,61	4,8%
Erf: > 1200m <sup>2</sup>	5 959,13	6 245,22	286,09	4,8%

### 1.4.5 Refuse Removal and Impact of Tariff Increases

It is widely accepted that the rendering of this service should at least break even, which continues to prove difficult to achieve considering affordability for consumers. The Solid Waste tariffs are levied to recover amongst other costs of services provided directly to customers and include refuse collection fees, disposal fees, weighbridge fees and other ad hoc services.

Efficiencies of staff performing the function continue to be a contributing factor as there is an increase in the cost of remuneration however this does not appear to be converting to refuse collection efficiencies. There has been a greater focus by management in an attempt to improve staff management and create efficiencies in this process. There is further investigation to develop a transfer station(s) to reduce the costs of running the transport fleet. An increase of 4.8% in the refuse removal tariff is proposed from 1 July 2022. For the two outer years, the proposed increase is 4.4% and 4.5% respectively. The following table compares current and proposed amounts payable from 1 July 2022:

**Table 10: Comparison between current refuse removal fees and increases**

Category	Current amount Payable R	New amount Payable R	Difference (Increase) R	% Change
85l Bins – Twice weekly	647,83	679,13	31,30	4,8%
240l Bins – Once weekly	913,04	956,52	43,48	4,8%
240l Bins – Twice weekly	1 823,48	1 911,30	87,83	4,8%
420l Bins – Once weekly	1 594,78	1 671,30	76,52	4,8%
420l Bins – Twice weekly	3 185,22	3 338,26	153,04	4,8%
1.1m <sup>3</sup> Sprico – Once weekly	1 093,91	1 146,09	52,17	4,8%
1.1m <sup>3</sup> Sprico – Twice weekly	2 179,13	2 283,48	104,35	4,8%
1.1m <sup>3</sup> Sprico – Three x a week	3 273,91	3 431,30	157,39	4,8%
1.1m <sup>3</sup> Sprico – Four x a week	4 357,39	4 566,96	209,57	4,8%
1.1m <sup>3</sup> Sprico – Five x a week	5 446,96	5 708,70	261,74	4,8%

#### **1.4.6 Overall impact of tariff increases on households**

The following table shows the overall expected impact of the tariff increases on a large and small household, as well as an indigent household receiving free basic services. The categories of rateable properties for purposes of levying rates and the proposed rates for the 2022/2023 financial year is based on the market value, the impact of increase in market value is contained below:

**Table 11: SA14 – Household bills**

Description	2018/19	2019/20	2020/21	Current Year 2021/22			2022/23 Medium Term Revenue & Expenditure Framework

## **1.5 OPERATING EXPENDITURE FRAMEWORK**

The City's expenditure framework for the 2022/2023 budget and MTREF is informed by the following:

- The asset renewal strategy and the repairs and maintenance plan;
- Funding allocation made for depreciation renewal and upgrading of existing assets;
- Balanced budget constraint (operating expenditure should not exceed operating revenue) unless there are existing uncommitted cash-backed reserves to fund any deficit;
- Funding of the budget over the medium-term as informed by Section 18 and 19 of the MFMA;
- Operational gains and efficiencies will be directed to funding the capital budget and other core services; and
- Strict adherence to the principle of no project plan no budget. If there is no business plan no funding allocation can be made.

The 2022/2023 MTREF has also been developed along with the following principles namely cost containment, wasteful expenditure elimination, and reprioritised spending. The operating expenditure equates to R8.87 billion in the 2022/2023 financial year and escalates to R.89 billion in the 2024/2025 financial year. Total operating expenditure has increased by 6.87% against the 2021/2022 Adjustments Budget.

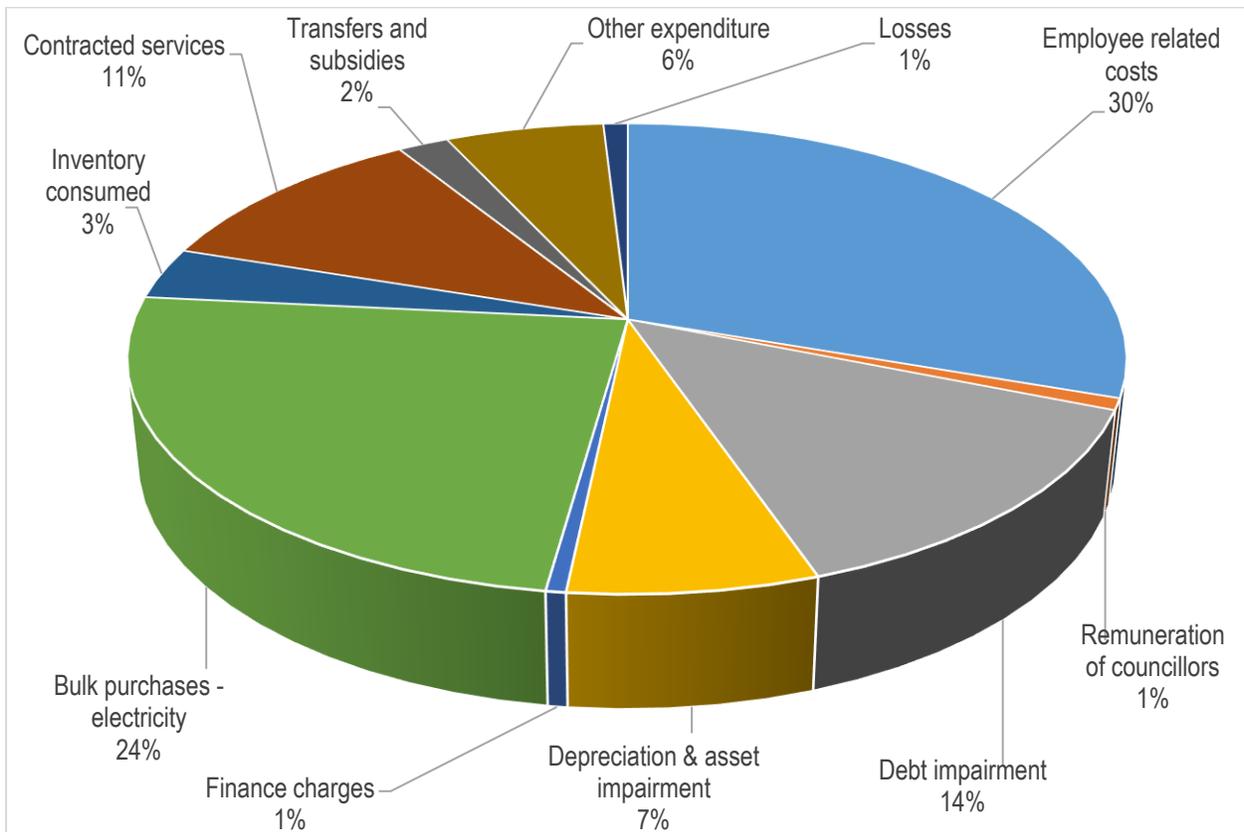

The following table is a high-level summary of the operating expenditure budget of the 2022/2023 MTREF (classified per main type of operating expenditure):

**Table 12: Table A4 - Summary of operating expenditure classification by type**

The following figure gives a breakdown of the main expenditure categories for the 2022/2023 financial year:

**Figure 2: Main operational expenditure categories for the 2022/2023 financial year**

**Employee Costs** equates to 30% of the total operating expenditure. Though this percentage is within the norm of 25% to 40% as per MFMA Circular 71 guideline, the budget allocation to fund unfunded posts has been put on hold up until the City's revenue base can reflect improvement. The existing Salary and Wage Collective Agreement has been followed in projecting employee costs increases of 4.8% in 2022/2023, 4.4% in 2023/2024 and 4.5% in 2024/2025.

**Remuneration of councillors** is determined by the Minister of Cooperative Governance and Traditional Affairs in accordance with the Remuneration of Public Office Bearers Act, 1998 (Act 20 of 1998). The most recent proclamation in this regard has been taken into account in compiling the City's budget.

The **provision of debt impairment** has been determined based on an annual collection rate of 80.5% over the MTREF. For the 2022/2023 financial year this amounts to R1.21 billion, it increases to R1.29 billion in 2023/2024 and further increases to R1.38 billion in the 2024/2025 financial year. While this expenditure is considered to be a non-cash flow item, it informs the total cost associated with non-payment of municipal bills by consumers as informed by past trends and current economic conditions. Municipalities have been impacted negatively due to a loss of revenue streams as businesses, households and communities reel from the economic fallout caused by COVID-19.

**Provision for depreciation and asset impairment** is widely considered a proxy for the measurement of the rate asset consumption. Budget appropriations in this regard total R614 million for the 2022//2023 financial year and equates to 7% of the total operating expenditure. Infrastructure assets are by far the most significant value of the Statement of Financial Position of the institution and is where the most significant amount of the institutions resources is expended. All new infrastructure commitments are made in line with the Metro Growth and Development Strategy.

The City has adopted the revaluation accounting approach for all infrastructure assets to ensure the future viability of the institution by allowing for the future replacement of these

significant long-term assets. The above figure relates to the cost component of the depreciation. Inclusion of the revaluation component cost would result to high and unaffordable tariffs and or deficit budget.

**Finance charges** consist primarily of the repayment of interest on long-term borrowing (cost of capital). Finance charges make up 1% (R49 million) of operating expenditure excluding annual redemption for 2022/2023.

**Electricity bulk purchases** equate to 24% of total operating expenditure and is directly informed by the purchase of electricity from Eskom and from consumer behaviour. The annual price increase has been factored into the budget appropriations and directly inform the revenue provisions. The expenditure includes distribution losses.

**Inventory consumed** equates to 3% of total operating expenditure, this includes water inventory consumed.

**Contracted services** equate to 11% of the total operating budget, this includes provisions for repairs and maintenance. Additional information on repairs and maintenance is detailed under section 1.5.1 below.

**Other expenditure** comprises of various line items relating to the daily operations of the municipality. In order to comply with the provisions of MFMA Circular 112 and 115 guiding principles as issued by National Treasury, the institution undertook a line by line analysis of expenditure in an attempt to improve efficiencies.

### **1.5.1 Repairs and Maintenance**

Aligned to the priority being given to preserving and maintaining the City's current infrastructure, the 2022/2023 MTREF provides for extensive growth in the asset maintenance area as informed by the City's asset renewal strategy and repairs & maintenance plan.

Repairs and maintenance budget is currently 5% of the total Operating Expenditure Budget. The City is striving towards a 10% repairs and maintenance of its total operating

budget owing to the ageing of the City’s infrastructure and historic deferred maintenance. The City has embarked on a programme to replace existing infrastructure assets which have almost reached and/or exceeded their useful lives and will be funded from own funds.

An amount of R1.37 billion has been provided for repairs and maintenance over the 2022/2023 MTREF. Expenditure levels are projected at R446 million in 2022/2023 escalating to R471 million by 2024/2025. It should however be noted that this figure is mainly contracted component of the repairs and maintenance work. The salaries component of the repairs and maintenance work that is undertaken by internal staff is not included under this expenditure type but under employee related costs. This should also be noted that the City is complementing its repairs and maintenance program with the capital expenditure program of renewing existing assets. Table 14 below breaks down repairs and maintenance by asset type.

In terms of the Municipal Budget and Reporting Regulations, operational repairs and maintenance is not considered a direct expenditure driver but an outcome of certain other expenditures, such as remuneration, purchases of materials and contracted services. Considering these cost drivers, the following table is a consolidation of all the expenditures associated with repairs and maintenance:

**Table 13: Operational repairs and maintenance**

### **1.5.2 Free Basic Services: Basic Social Services Package**

The social welfare package assists households that are poor or face other circumstances that limit their ability to pay for services. To receive these free services, the households are required to register in terms of the City's Indigent Policy. The cost of the social package of the registered indigent households is largely financed by National Government through the Local Government Equitable Share received in terms of the annual Division of Revenue Act.

As at 30 June 2021, the breakdown of the total number of Indigents is as follows:

**Electricity** - A total of 63,392 Indigents (both urban and rural) had registered for the Free Basic Electricity.

**Water** - BCMM supplied 6kl of Water Free to approximately 82,878 residents in the informal settlements and rural communities within the boundaries of BCMM.

The target is to register additional 3,000 beneficiaries by the end of 2022/2023 financial year, this includes urban households and rural Free Basic Electricity - this process is reviewed annually. With regards to rural water, the communities are already catered for as there is no registration required at present. The register fluctuates due to new registrations and those who no longer qualify for the indigent subsidy.

Although these targets are driven from a social perspective, the institution is attempting to steer in the direction of economic growth and job creation. The following table provides a breakdown of the average current and proposed total poor relief package per indigent household:

**Table 15: Basic social services package per indigent household**

<b>SOCIAL WELFARE PACKAGE</b>	<b>Total Per Household</b>	<b>Total Per Household</b>	<b>Total Per Household</b>	<b>Total Per Household</b>

## 1.6 CAPITAL EXPENDITURE FRAMEWORK

The total consolidated capital budget amounts to R2.09 billion for the 2022/2023 financial year, R1.81 billion and R1.29 billion for 2023/2024 and for 2024/2025 respectively. The detailed capital budget indicating projects per directorate is attached as Annexure C.

The following table provides a breakdown of budgeted capital expenditure per funding source:

**Table 16: Consolidated 2022/2023 Medium-Term Capital Budget Per Funding Source**

CAPITAL BUDGET PER FUNDING	2022/2023 CAPITAL BUDGET	2023/2024 CAPITAL BUDGET	2024/2025 CAPITAL BUDGET

### Own Funding (Internally Generated Funds)

Funding from internally generated funds represents 30% of the 2022/2023 capital funding. The City will continue to make funding available in support of priorities in 2022/2023, which are not limited to the following:

- Economic Development programmes amounting to R64.8 million – this includes R47 million for the East London Beachfront and Water World Project
- Smart Metering for both electricity and water amounting to R65.6 million
- Acquire ERP System (Asset Management System & Procurement System) – R6 million
- Qumza Highway Phase 7 - Phase 1 & 2 – R6.2 million
- Taxi Rank Infrastructure – R7 million

- Procurement of Fire Engines amounting to R7 million
- Construction on New Fire Station at Berlin amounting to R4 million
- Upgrading of Bulk Electricity Infrastructure amounting to R104 million
- Rehabilitation of Settlers Way amounting to R184.6 million
- Roads Provision Programme amounting to R30 million
- East Beach Gravity Sewer Upgrade amounting to R4 million
- Pipe and Water Meter Replacement Programme amounting to R5 million
- Procurement of Fleet amounting to R13 million
- Transfer Stations/ Landfill Sites – R5.7 million
- Development, Upgrade & Refurbishment of Community Halls amounting to R8 million
- Upgrading of Resorts – R5 million

Furthermore, Annexure C contains a detailed breakdown of the capital budget over the MTREF.

### **Borrowings**

Borrowings amount to R733 million and represent 35% of the total 2022/2023 capital funding requirement.

- Funding of R400 million is for the Sanitation Tunnel Project that will unlock development in the Amalinda Junction, Wilsonia and Reeston areas.
- Funding of R120 million is for the Upgrading of Zwelitsha Wastewater Treatment Works.
- Funding of R163 million is for Water and Electricity Smart Metering Project.
- Funding of R50 million is for Umzonyana Dam and East Coast Water Supply Upgrade.

### **Grants Funding**

Grant funding represents 35% of the 2022/2023 capital funding and consists of National Government allocations. For purposes of the 2022/2023 budget compilation, National Allocations are based on the 2022 Division of Revenue Bill (DoRB).

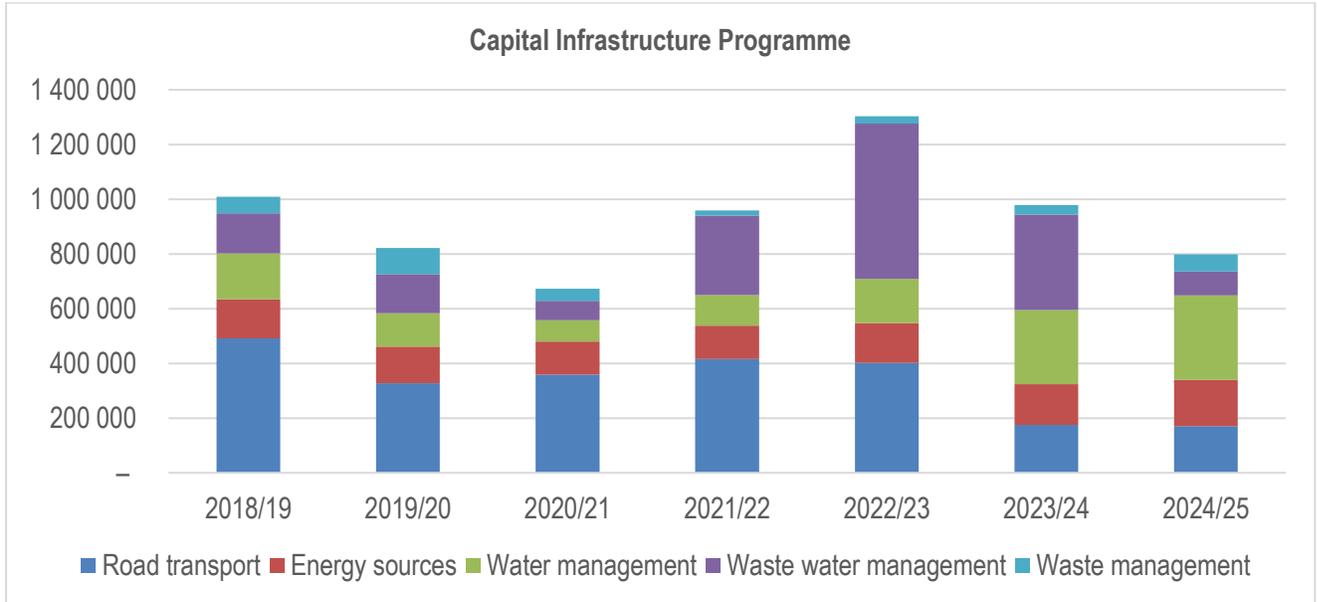

The following table indicates the 2022/2023 Medium-Term Capital Budget per service. It depicts that for 2022/2023 financial year an amount of R145 million has been appropriated for Electricity, R235 million for Human Settlements, R103 million for Local Economic Development, R395 million for Roads and Storm Water, R568 million for Waste Water Infrastructure, R161 million for Water Infrastructure and R479 million for all the other services.

**Table 17: Consolidated Capital Budget Per Service**

SERVICE	2022/2023 CAPITAL BUDGET	2023/2024 CAPITAL BUDGET	2024/2025 CAPITAL BUDGET

## **Explanatory notes to MBRR Table A1 – Budget Summary**

1. Table A1 is a budget summary and provides a concise overview of the City's budget from all of the major financial perspectives (operating, capital expenditure, financial position, cash flow, and MFMA funding compliance).
2. The table provides an overview of the amounts approved by Council for operating performance, resources deployed to capital expenditure, financial position, cash and funding compliance, as well as the municipality's commitment to eliminating basic service delivery backlogs.
3. Financial management reforms emphasise the importance of the municipal budget being funded. This requires the simultaneous assessment of the Financial Performance, Financial Position and Cash Flow Budgets, along with the Capital Budget. The Budget Summary provides the key information in this regard:
  - a. The operating surplus/deficit (after Total Expenditure) is positive over the MTREF. The 2022/2023 financial year indicates an operating surplus excluding capital transfers of R1.23 million, it also reflects a surplus of R2.42 million and R1.75 million for the two outer years respectively.
  - b. Capital expenditure is balanced by capital funding sources, of which
    - i. Transfers recognised is reflected on the Financial Performance Budget;
    - ii. Borrowing is incorporated in the net cash from financing on the Cash Flow Budget.
    - iii. Internally generated funds are financed from a combination of the current operating surplus and accumulated cash-backed surpluses and depreciation from previous years. The amount is incorporated in the Net cash from investing on the Cash Flow Budget. The fact that the municipality's cash flow remains positive indicates that the necessary cash resources are available to fund the Capital Budget.

4. The municipality's budget is fully funded and cash-backed and will be generating a surplus in the two outer years of the MTREF period to ensure a more balanced funding mix for capital projects.
  
5. Even though the Council is placing great emphasis on securing the financial sustainability of the municipality, this is not being done at the expense of services to the poor. The municipality continues to make progress in addressing service delivery backlogs.

**Explanatory notes to MBRR Table A2 – Consolidated Budgeted Financial Performance (revenue and expenditure by functional classification)**

1. Table A2 above is an overview of the budgeted financial performance in relation to revenue and expenditure per functional classification.
2. Total Revenue on this table includes capital revenues (Transfers recognised – capital).
3. The surplus of R737 million reflected in the 2022/2023 financial year includes Transfers recognised - capital (Capital Grants and Donations received), while the expenditure category excludes these transfers.
4. As a general principle the revenues for the Trading Services should exceed their expenditures. The City is undertaking a detailed study of the functions that are operating at a deficit to explore ways of improving efficiencies and provide a basis for re-evaluating the function's tariff structure.

**Table 20: MBRR Table A3 – Consolidated Budgeted Financial Performance (revenue and expenditure by municipal vote)**

**Explanatory notes to MBRR Table A3 - Consolidated Budgeted Financial Performance (revenue and expenditure by municipal vote)**

1. Table A3 above is a view of the budgeted financial performance in relation to the revenue and expenditure per municipal vote. This table facilitates the view of the budgeted operating performance in relation to the organisational structure of the City. This indicates the operating surplus or deficit of a vote.

**Table 21: MBRR Table A4 – Consolidated Budgeted Financial Performance (revenue and expenditure by source and type)**

**Explanatory notes to MBRR Table A4 - Budgeted Financial Performance (revenue and expenditure by source and type)**

1. Total operating revenue is R8.87 billion in 2022/2023 and escalates to R9.31 billion and R9.89 billion by 2023/2024 and 2024/2025 respectively. This represents a year-on-year increase of 6.85% for 2022/2023 financial year, 4.93% for 2023/2024 financial year and remains at 6.24% for the 2024/2025 financial year.
2. Revenue to be generated from property rates is R1.96 billion in the 2022/2023 financial year and increases to R2.04 billion in 2023/2024 and further increases to R2.14 billion in 2024/2025. The property rates represent 22% of the operating revenue base of the City and therefore remains a significant funding source for the municipality. It remains relatively constant over the medium-term. The projected tariff is 4.8% in 2022/2023 financial year, 4.4% in 2023/2024 and to 4.5% in 2024/2025.
3. Services charges relating to electricity, water, sanitation and refuse removal constitutes the biggest component of the revenue basket of the City totalling R4.25 billion for the 2022/2023 financial year and increasing to R4.94 billion by 2024/2025. For the 2022/2023 financial year, service charges amount to 48% of the total revenue base and it slightly increases to 50% in 2024/2025.
4. Transfers recognised – operating includes the local government equitable share and other operating grants from national and provincial government. Transfers & Subsidies slightly increases from R1.45 billion in 2022/2023 to R1.48 billion in 2024/2025.

The graph below provides a view of the main sources of revenue over the MTREF.

**Figure 4: Revenue by source**

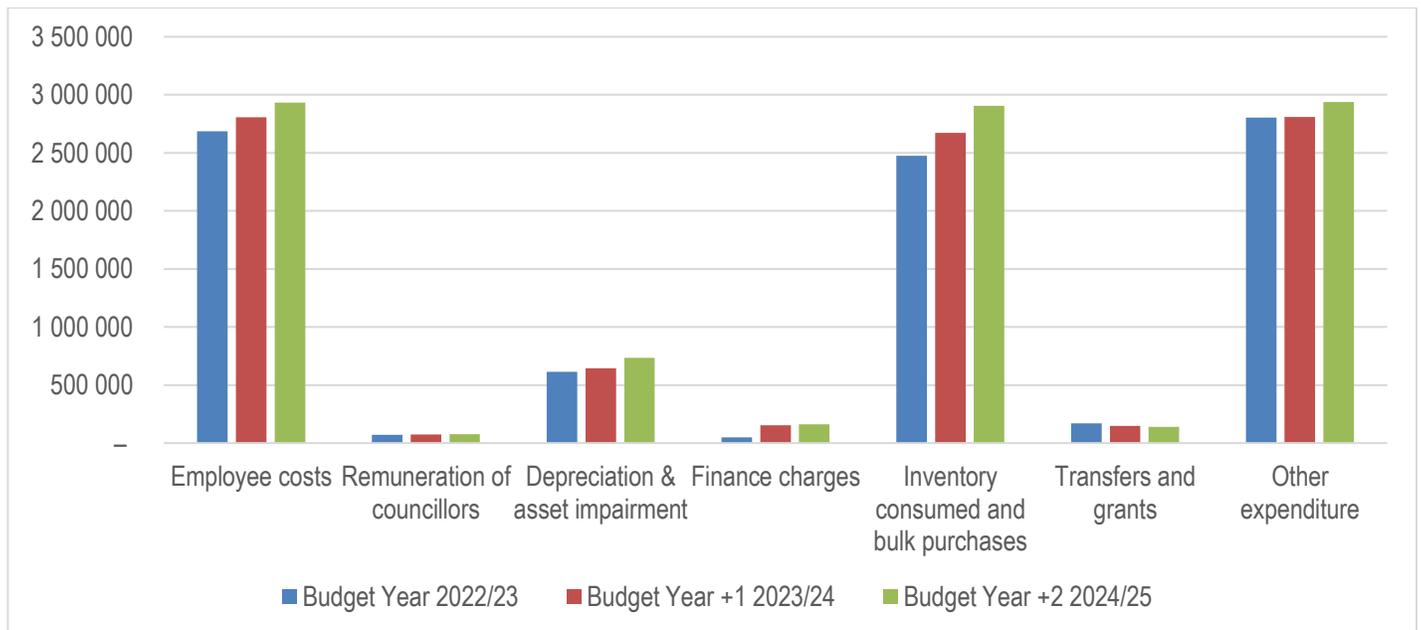

5. Electricity Bulk Purchases have increased from 2022/2023 financial year as a result of an annual increase, escalating from R2.16 billion to R2.55 billion in 2024/2025.
6. Employee Related Costs are one of the main cost drivers within the City's operating expenditure budget increasing from R2.69 billion in 2022/2023 to R2.93 billion in 2024/2025. The existing Salary and Wage Collective Agreement has been followed in projecting employee costs increases of 4.8% in 2022/2023, 4.4% in 2023/2024 and 4.5% in 2024/2025.
7. Employee Related Costs and Electricity Bulk Purchases are the main cost drivers within the municipality. Ongoing operational gains and efficiencies are continuously identified to lessen the impact of wage and bulk tariff increases in future years.

8. Depreciation & Asset Impairment totals R614 million for the 2022/2023 financial year. The calculation of depreciation on new capital expenditure is based on variables such as asset class and lifespan depending on the nature of the asset. This figure represents the cost component of the depreciation.
9. Contracted Services decreases from R977 million in 2022/2023 to R897 million in 2024/2025 and includes budgetary provision for repairs and maintenance.

The graph below provides a view of the main expenditure types over the MTREF.

**Explanatory notes to MBRR Table A5 Budgeted Capital Expenditure by vote, functional classification and funding source**

1. Table A5 is a breakdown of the capital programme in relation to capital expenditure by municipal vote (multi-year and single-year appropriations); capital expenditure by functional classification; and the funding sources necessary to fund the capital budget, including information on capital transfers from national and provincial departments.
2. The MFMA provides that a municipality may approve multi-year or single-year capital budget appropriations. In relation to multi-year appropriations, for 2022/2023 R2.09 billion has been allocated, R1.81 billion in 2023/2024 and R1.29 billion in 2024/2025.
3. The capital programme is funded from National Government Grants (Capital Transfers), Internally Generated Funds from prior and current year surpluses and depreciation and Borrowings. For 2022/2023, Capital transfers represent 35% of Capital Expenditure and increases to 62% by 2024/2025.
4. It needs to be noted that the institution has made a strategic decision to utilize own funds to mainly replace existing infrastructure assets in the urban core of the City. The total amount of own funding is R619 million in 2022/2023, it decreases to R437 million and R352 million in 2023/2024 and 2024/2025 respectively.
5. Borrowing has been provided for the 2022/2023 financial year at R733 million, decreasing to R622 million and R140 million in 2023/2024 and 2024/2025 respectively.

## **Explanatory notes to MBRR Table A6 - Budgeted Financial Position**

1. MBRR table A6 is consistent with international standards of good financial management practice and improves understandability for stakeholders of the impact of the budget on the statement of financial position (balance sheet).
2. This format of presenting the statement of financial position is aligned to GRAP1, which is generally aligned to the international version which presents Assets Less Liabilities as “accounting” Community Wealth. The order of items within each group illustrates items in order of liquidity; i.e. assets readily converted to cash, or liabilities immediately required to be met from cash, appear first.
3. MBRR table A6 is supported by an extensive table of notes (MBRR table SA3) providing a detailed analysis of the major components of a number of items, including:
  - i. Call investments deposits;
  - ii. Consumer debtors;
  - iii. Property, plant and equipment;
  - iv. Trade and other payables;
  - v. Provisions non-current;
  - vi. Changes in net assets; and
  - vii. Reserves
4. The municipal equivalent of equity is Community Wealth/Equity. The justification is that ownership and the net assets of the municipality belong to the community.
5. Any movement on the Budgeted Financial Performance or the Capital Budget will inevitably impact on the Budgeted Financial Position. As an example, the collection rate assumption will impact on the cash position of the municipality and subsequently inform the level of cash and cash equivalents at year end. Similarly, the collection rate assumption should inform the budget appropriation for debt impairment which in turn would impact on the provision for bad debts. These

budget and planning assumptions form a critical link in determining the applicability and relevance of the budget as well as the determination of ratios and financial indicators. In addition, the funding compliance assessment is informed directly by forecasting the statement of financial position.

### **Explanatory notes to MBRR Table A7 - Budgeted Cash Flow Statement**

1. The budgeted cash flow statement is the first measurement in determining if the budget is funded.
2. It shows the expected level of cash in-flow versus cash out-flow that is likely to result from the implementation of the budget.
3. The cash and cash equivalents decrease from R885 million in the 2022/2023 period to R714 million in the 2023/2024 financial year and further decrease over the MTREF to R696 million by 2024/2025 financial year. The decrease can be attributed to the current local and global economic environment that's leading to pressure on consumers, this impacts actual collections with high expenditure levels remaining in place in order to provide services.
4. Provision has been made for the repayment of borrowing to the amount of R63 million for the 2022/2023 financial year, based on the capital repayment in terms of the loan agreement.

## **Explanatory notes to MBRR Table A8 – Cash Backed Reserves/Accumulated Surplus Reconciliation**

1. The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of MFMA Circular 42 – Funding a Municipal Budget.
2. In essence the table evaluates the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.
3. The outcome of this exercise would either be a surplus or deficit. A deficit would indicate that the applications exceed the cash and investments available and would be indicative of non-compliance with the MFMA requirements that the municipality's budget must be "funded".
4. Non-compliance with section 18 of the MFMA is assumed because a shortfall would indirectly indicate that the annual budget is not appropriately funded.
5. From the table it can be seen that for the period 2022/2023 to 2024/2025 the surplus increases from R1.28 billion to R1.25 billion.
6. Considering the requirements of section 18 of the MFMA, it can be concluded that the 2022/2023 MTREF is funded with a surplus.
7. As part of the budgeting and planning guidelines that informed the compilation of the 2022/2023 MTREF the end objective of the medium-term framework was to ensure the budget is funded and aligned to section 18 of the MFMA.

## **Explanatory notes to MBRR Table A9 – Asset Management**

1. Table A9 provides an overview of municipal capital allocations to acquiring new assets and the renewal of existing assets, as well as spending on repairs and maintenance by asset class.
2. In the 2022/2023 financial year BCMM has allocated 67% of its capital budget towards asset upgrading and renewal and 2% for Repairs and Maintenance as a percentage of PPE, which is at current replacement.
3. National Treasury has recommended that municipalities should allocate at least 40% of their capital budget to the renewal of existing assets, and allocations to repairs and maintenance should be 8% of PPE. It should be borne in mind that Buffalo City Metropolitan Municipality has valued its infrastructural assets on the revaluation model and therefore the above percentage allocations should be adjusted accordingly to reflect the increase in asset values due to different valuation methodologies.

**Table 27: MBRR Table A10 – Consolidated Basic Service Delivery Measurement**

## **PART 2 – SUPPORTING DOCUMENTATION**

### **2.1 OVERVIEW OF ANNUAL BUDGET PROCESS**

The Budget Steering Committee has been established in terms Section 53 of the MFMA and Municipal Budget Reporting Regulations.

The Budget Steering Committee consists of the City Manager and senior officials of the municipality meeting under the chairpersonship of the MMC for Finance. The Deputy Executive Mayor, Portfolio MMC for Infrastructure Services, MMC for Spatial Planning & Development and MMC for Human Settlements are also members of the Budget Steering Committee as appointed by the Executive Mayor.

The primary aim of the Budget Steering Committee is to ensure:

- that the process followed to compile the budget complies with legislation and good budget practices;
- that there is proper alignment between the policy and service delivery priorities set out in the City's IDP and the budget, taking into account the need to protect the financial sustainability of municipality;
- that the municipality's revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and
- that the various spending priorities of the different municipal departments are properly evaluated and prioritised in the allocation of resources.

#### **2.1.1 IDP/Budget Process Overview**

Buffalo City's IDP review and Budget development was undertaken through an inclusive, integrated and procedurally consistent manner in line with an approved IDP/Budget/PMS Process Plan and Time Schedule which was compiled in accordance with Section 28 and 29 of the Municipal Systems Act and Section 21(1) of the Municipal Finance Management Act. A revised IDP/Budget/PMS Process Plan and Time Schedule IDP was approved by Council because some planned engagements were rescheduled as a result of challenges experienced due to the COVID-19 Global Pandemic.

The budget process is governed by the Municipal Finance Management Act 56 of 2003 and the Municipal Systems Act 32 of 2000. The objective process is to ensure good governance and accountability and enables the municipality to involve residents and other stakeholders in the budgeting process.

In terms of Section 16 of the Municipal Finance Management Act (MFMA) No 56, 2003:

- 1) "The council of a municipality must for each financial year approve an annual budget for the municipality before the start of that financial year".
- 2) "In order for a municipality to comply with subsection (1), the mayor of the municipality must table an annual budget at a council meeting at least 90 days before the start of the budget year".

In terms of Section 24 of the Municipal Finance Management Act (MFMA) No 56, 2003:

- 1) "The municipal council must at least 30 days before the start of the budget year consider approval of the annual budget".

Chapter 2 of the Municipal Budget and Reporting Regulations states that the Mayor of the municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act.

The Executive Mayor has established a Budget Steering Committee, which consists of the Deputy Executive Mayor, Portfolio Head for Finance (Chairperson), Portfolio MMC for Infrastructure Services, MMC for Spatial Planning & Development and MMC for Human Settlements, City Manager and Senior Managers.

In terms of section 21 of the MFMA the Mayor is required to table in Council ten months before the start of the new financial year (i.e. 30 August) a time schedule that sets out the process to revise the IDP and prepare the budget.

Section 28 (1) of the Municipal Systems Act requires each municipality to adopt a process in writing to guide the planning, drafting, adoption and review of its Integrated

Development Plan. In compliance with this requirement Buffalo City Metropolitan Municipality adopted the plan on 4 September 2020.

**Table 28: Key activities in the compilation of the 2021/2026 IDP and MTREF Budget**

NO	ACTIVITY DESCRIPTION	DATES ACHIEVED
<b>PREPERATION PHASE: JUL – AUG: Preparing for the IDP, Budget and Performance Management Process</b>		
1	Top Management: <ul style="list-style-type: none"> <li>To consider and recommend that IDP/Budget/PMS Process Plan and Time Schedule be approved by Council (at least 10 months before the start of the budget year)</li> </ul>	13 July 2021
2	Portfolio Committee: <ul style="list-style-type: none"> <li>To consider and recommend that IDP/Budget/PMS Process Plan and Time Schedule be approved by Council (at least 10 months before the start of the budget year)</li> </ul>	12 August 2021
3	Councillors and Traditional Leaders' Workshop: <ul style="list-style-type: none"> <li>To consider and recommend that IDP/Budget/PMS Process Plan and Time Schedule be approved by Council (at least 10 months before the start of the budget year)</li> </ul>	13/08/2021
4	Top Management: <ul style="list-style-type: none"> <li>To consider 2021/2022 First Adjustment Budget &amp; the 2020/2021 Fourth Adjustment budget and recommend these being approved by Council</li> </ul>	12/08/2021
5	Council: To approve - <ul style="list-style-type: none"> <li>IDP/Budget/PMS Process Plan and Time Schedule (at least 10 months before the start of the budget year).</li> <li>The 2021/2022 First adjustment budget (to be tabled before 25 August 2021) and the 2020/2021 Fourth Adjustment budget.</li> </ul>	25/08/2021
<b>PHASE 1: SITUATIONAL ANALYSIS: SEPT – OCT: Situational Analysis of the metro</b>		
6	Technical IDP/Budget/PMS Workstreams: <ul style="list-style-type: none"> <li>Prepare a draft Situational Analysis Report for the Top Management Technical Planning Session; and</li> <li>Assess and identify information from adopted Sector Plans against the backdrop of the SITUATIONAL ANALYSIS, including the LSDFs for integration into the IDP Review document if possible</li> </ul>	11, 12 & 21 October 2021

NO	ACTIVITY DESCRIPTION	DATES ACHIEVED
7	Political IGR Forum: <ul style="list-style-type: none"> <li>• It is a Political Structure chaired by the Deputy Executive Mayor with representation from the Mayoral Committee, City Manager, HOD's, Representation from Sector Departments, Parastatals, and State-owned Enterprises.</li> <li>• The purpose is to identify high level and recurring IGR issues hindering service delivery and requiring political intervention for escalation to other levels or structures and for successful resolution. It also receives feedback and progress on resolution and issues requiring escalation from the Technical and Political IGR Roundtable meetings.</li> </ul>	17 Sept 2021
8	Top Management Technical Planning Session: <ul style="list-style-type: none"> <li>• Reflect on progress made with implementation of strategic priorities during preceding financial years; and</li> <li>• Review SITUATIONAL ANALYSIS of the metro that inform priority choices</li> </ul>	26 & 27 October 2021
<b>PHASE 2: OCT – DEC: Consolidation of Strategic priorities (between Council, Community and IGR Partners)</b>		
9	IGR Core Group Think Thank Session: <ul style="list-style-type: none"> <li>• To Discuss &amp; Align Three Sphere Regulated Activities.</li> <li>• To review the annual planning cycles of the Metro and other spheres of Government which impacts on strategic planning, budgeting, monitoring and reporting across spheres.</li> </ul>	15 October 2021
10	Budget Workshops with all directorates to address the following: <ul style="list-style-type: none"> <li>• Financial Institutional Performance</li> <li>• Cost Containment Measures</li> <li>• 2022/2023 Tariff Process</li> <li>• Verification of Fleet &amp; Staff Keys</li> <li>• IDP Strategic Priorities for 2021/2026 &amp; MTREF Capital Prioritization</li> <li>• 2021/2022 Mid-Year Adjustment Budget Reallocation (Capital &amp; Operating Budget)</li> </ul>	17 November – 8 December 2021
11	Technical IGR Forum <ul style="list-style-type: none"> <li>• Deliberate on Buffalo City Gap Analysis on BCMM One Plan and IDP</li> </ul>	19 November 2021
12	Council Lekgotla <ul style="list-style-type: none"> <li>• To reflect on desired key outcomes over the Council's 5-year term based on its deep understanding of current</li> </ul>	24 – 25 February 2022

NO	ACTIVITY DESCRIPTION	DATES ACHIEVED
	and emerging City trends and realities as consolidated during Mayoral Lekgotla	
<b>PHASE 3: JAN – FEB: Programmes and Projects (Identifying, prioritising, costing programmes and projects)</b>		
13	Councillors and Traditional Leaders’ Workshop: <ul style="list-style-type: none"> <li>To introduce Councillors to the City’s Organisational Procedures, Controls and Protocols used for integrated strategic planning, intergovernmental relations management, budgeting, performance management, ward allocation programme and establishment of ward committees programme</li> </ul>	18 January 2022
14	Mayoral Lekgotla Session: <ul style="list-style-type: none"> <li>To review strategic objectives for service delivery and development</li> </ul>	20 – 21 January 2022
15	National Treasury Mid-year Budget and Performance Assessment Review	15 February 2022
16	BCMM IGR Framework Review Engagement: <ul style="list-style-type: none"> <li>To review the current BCMM IGR Framework with National and Provincial COGTA, Office of the Premier and BCMM departments</li> </ul>	17 – 18 February 2022
17	Council Lekgotla: <ul style="list-style-type: none"> <li>To reflect on desired key outcomes over the Council’s 5-year term based on its deep understanding of current and emerging City trends and realities as consolidated during Mayoral Lekgotla.</li> </ul>	24 – 25 February 2022
<b>PHASE 4: FEB: Integration of Programmes and Projects</b>		
18	Budget Steering Committee: <ul style="list-style-type: none"> <li>To consider 2021/2022 Mid-year Adjustment Budget</li> </ul>	2 Feb 2022 (During BCMM Mayoral Committee Induction Session)
19	Three Spheres Planning Session: <ul style="list-style-type: none"> <li>To allow Provincial Sector Departments and State-owned Enterprises to inform BCMM of budgetary allocations and catalytic programmes to be implemented in the BCMM space and identify transversal gaps and challenges.</li> </ul>	22 Feb 2022
20	Council: <ul style="list-style-type: none"> <li>To consider and adopt 2021/2022 Mid-year Adjustments Budget</li> </ul>	28 Feb 2022

NO	ACTIVITY DESCRIPTION	DATES ACHIEVED
<b>PHASE 5: ADOPTION</b>		
<b>MAR: Approval of draft IDP</b>		
21	BCMM Political IGR Forum: To deliberate on the following: <ul style="list-style-type: none"> <li>• IGR Framework Act, 2005 Review</li> <li>• Process Plan for the Provincial IGR Review</li> <li>• BCMM IDP/One Plan</li> <li>• BCMM IGR Framework and Terms of Reference Review</li> <li>• Three Sphere Session Feedback</li> <li>• Orientation and Progress on the District Developmental Model and One Plan</li> </ul>	8 March 2022
22	Top Management: <ul style="list-style-type: none"> <li>• To consider draft IDP, MTREF Budget and recommend the draft IDP, MTREF Budget and BEPP to Council</li> </ul>	8 March 2022
23	Councillors and Traditional Leaders' Workshop: <ul style="list-style-type: none"> <li>• To consult councillors and traditional leaders on draft IDP, draft MTREF and budget related policies</li> </ul>	16 March 2022
24	External IDP/Budget/PMS Representative Forum: <ul style="list-style-type: none"> <li>• To consult External IDP/Budget/PMS Representative Forum on the Draft IDP, Tabled MTREF Budget and draft policies</li> </ul>	23 March 2022 09h30- 15h00
25	Council: <ul style="list-style-type: none"> <li>• To approve the draft IDP, MTREF Budget and draft policies (at least 90 days before the start of the budget year)</li> <li>• To consider the proposed budget of the entity and assess the entity's (BCMDA) priorities and objectives and make recommendations. Board of Directors to consider the recommendations and, if necessary, submit a revised budget.</li> <li>• To consider Draft Revised SDBIP</li> </ul>	30 March 2022 09h00
<b>APR – MAY: Consulting the public and external stakeholders and final adoption</b>

32	Municipal Budget and Benchmark Engagement by National Treasury <ul style="list-style-type: none"> <li>• To assess BCMM draft MTREF Budget</li> </ul>	19 May 2022
33	Councillors and Traditional Leaders' Workshop <ul style="list-style-type: none"> <li>• To interrogate Final IDP, MTREF Budget and budget related policies</li> </ul>	25 May 2022
34	Council <ul style="list-style-type: none"> <li>• To adopt IDP, Performance Management Measures and Targets, MTREF Budget, and the revised Policies (at least 30 days before the start of the budget year)</li> </ul>	31 May 2022

### **2.1.2 Integrated Development Plan (IDP) and Service Delivery and Budget Implementation Plan (SDBIP)**

Buffalo City's IDP and Budget development was undertaken through an inclusive, integrated and procedurally consistent manner in line with an approved IDP/Budget/PMS Process Plan and Time Schedule which was compiled in accordance with Section 28 and 29 of the Municipal Systems Act and Section 21(1) of the Municipal Finance Management Act. A revised IDP/Budget/PMS Process Plan and Time Schedule IDP was approved by Council because some planned engagements were rescheduled as a result of challenges experienced due to the COVID-19 Global Pandemic and the Local Government Elections.

The Metro's IDP is the principal strategic planning instrument, which directly guides and informs its planning, budget, management and development actions. This framework is rolled out into objectives, key performance indicators and targets for implementation which directly informs the Service Delivery and Budget Implementation Plan.

With the compilation of the 2022/2023 MTREF, each function/directorate had to review the business planning process, including the setting of priorities and targets after reviewing the mid-year performance against the 2021/2022 Service Delivery and Budget Implementation Plan. Business planning responds to the Metro's priority needs, reviewed strategic objectives and informs the detail operating budget appropriations and three-year capital programme.

The Final Service Delivery and Budget Implementation Plan (SDBIP) with Final Performance Agreements will be submitted to the Executive Mayor after the approval of the IDP and Budget; and the final SDBIP will be submitted to Council with the Performance Agreements within 28 days after the budget is tabled in Council.

### **2.1.3 Financial Modelling and Key Planning Drivers**

As part of the compilation of the 2022/2023 MTREF, extensive financial modelling was undertaken to ensure affordability and long-term financial sustainability. The following

key factors and planning strategies have informed the compilation of the 2022/2023 MTREF:

- City growth
- Policy priorities and strategic objectives
- Economic Recovery Plan
- Asset maintenance
- Economic climate and trends (i.e. inflation, Eskom increases, household debt, migration patterns)
- Performance trends
- The approved 2021/2022 adjustments budget and performance against the SDBIP
- Cash Flow Management Strategy
- Debtor payment levels
- Loan and investment possibilities
- The need for tariff increases versus the ability of the community to pay for services;
- Improved and sustainable service delivery

In addition to the above, the strategic guidance given in National Treasury's MFMA Circulars 112 and 115 have been taken into consideration in the planning and prioritisation process.

#### **2.1.4 Community Consultation**

In developing its Integrated Development Plan, Buffalo City Metropolitan Municipality takes its tune from residents and the broader public of the Metro who participate in a number of public consultation processes and programmes such as the annual Mayoral Imbizo and IDP/Budget Roadshow. It is through these engagements that residents are able to define and shape their needs and priorities which must be taken into consideration during planning and budgeting. BCMM aims to address identified needs and priorities through the 2021/2026 Integrated Development Plan and Budget as revised annually.

The IDP process is an outcome of an intensive and detailed series of engagements with our communities through the following key participatory democracy instruments:

- a) IDP/Budget/PMS Workstreams where external stakeholders also participated in the deliberations (during October 2021);
- b) External IDP/Budget/PMS Representative Forum with external stakeholders to consult the Draft 2022/2023 IDP, MTREF Budget and BEPP (23 March 2022); and
- c) IDP Ward Priorities Sessions held with Ward Councillors from each of the three functional regions as part of the IDP Review Process (13 and 14 April 2022).

Following the publication of the Draft IDP and Budget, members of the public were awarded an opportunity to peruse the documentation at the municipal libraries and key offices of the metro. Stakeholders were invited to submit their inputs via a WhatsApp line created for this purpose, on live radio and social media comments options. Further to this an e-mail address was created through which the metro received numerous submissions on the draft Revised IDP and MTREF Budget until the deadline of 13 May 2022. Council considered all public inputs in the compilation of the final 2022/2023 Revised IDP, BEPP and this MTREF Budget document.

The roadshows were broadcast live on various community radio stations reaching an estimated listenership of close to 150 000 people. The shows were also simultaneously streamed on social media platforms and the social media audience reach is 11 739 for the Coastal roadshow; 5717 reached for the Inland roadshow; and 8019 reached for the Midland roadshow.

The WhatsApp line has received more than 150 messages and voice notes from different stakeholders across all wards. Some of the main issues raised were

around billing, accounts, roads, housing, sports fields and bridges. The comments on the 2022/2023 Draft (Revised) Integrated Development Plan and MTREF Budget made by members of the public during the public consultation period are attached as **Annexure AB**.

The statistical outcomes for the roadshows are summarised as follows:

PLATFORMS USED	STATISTICS
Radio Stations Listenership	150 000 people
Social Media Platforms Reach	11 739 for the Coastal roadshow
	5717 reached for the Inland roadshow
	8019 reached for the Midland roadshow
Submissions made via E-mail ( <a href="mailto:idp.budget@buffalocity.gov.za">idp.budget@buffalocity.gov.za</a> )	80 total issues from various submissions
WhatsApp line	More than 150 messages

National Treasury has given a draft analysis on the draft MTREF Budget that was tabled at BCMM Council on 30 March 2022. The following are comments that National Treasury requested the City to consider in the final MTREF Budget:

- The City needs to enforce credit control measures to increase its collection rate in order to avoid finding itself in a position where it cannot pay for creditors.
- Recommendation is that the collection rate for 2022/2023 should be revised downwards to 77% over the MTREF.
- The City to try a different funding model for capital budget as it is unsustainable for the City to continue funding its capital budget so aggressively from the internally generated funds. Borrowing might be a better option if the City will be in a position to repay the banks.
- Expenditure budget of the City must drastically be reduced so as to have a funded budget.

## 2.2 OVERVIEW OF ALIGNMENT OF ANNUAL BUDGET WITH IDP

BCMM's IDP is the strategic framework that outlines the City's priority objectives over a 5-year period which guides the planning and budgeting within the City. During the development process an effort was made to ensure that the IDP is fully aligned with the Metro Growth and Development Strategy. Over the five-year term, the City will concentrate on the 5 strategic outcomes to be achieved by the year 2030. The following table highlights the IDP's five strategic outcomes which have directly informed the compilation of the 2022/2023 MTREF budget:

**Table 29: IDP'S Five Strategic Objectives**

<b>Strategic Objective 1:</b>	<b>An Innovative and Productive City</b>
<i>To enhance the Quality of Life of the BCMM community with rapid and inclusive economic growth and falling unemployment</i>	
<b>Strategic Objective 2:</b>	<b>A Green City</b>
<i>To promote an environmentally sustainable city with optimal benefits from our natural assets.</i>	
<b>Strategic Objective 3:</b>	<b>A Connected City</b>
<i>To maintain a world class logistics network.</i>	
<b>Strategic Objective 4:</b>	<b>A Spatially Transformed City</b>
<i>To develop and maintain world class infrastructure and utilities.</i>	
<b>Strategic Objective 5:</b>	<b>A Well-Governed City</b>
<i>Promote sound financial and administrative capabilities.</i>	

The IDP process was undertaken within the framework of National, Provincial and District policies and legislation. Some of the key informants that guide the review and refinement of IDP objectives and strategies include the following:

- National Development Plan;
- Medium-Term Strategic Framework (MTSF) 2019/2024;
- Eastern Cape Provincial Development Plan (PDP) 2030;
- Sustainable Development Goals (SDGs);
- 12 Outcomes adopted by National Cabinet in January 2010;

- BCMM Ward priorities;
- Priorities from the Council Lekgotla held on 24 – 25 February 2022.

**Table 30: Alignment of BCMM Strategic Objectives with National and Provincial Priorities**

BCMM Strategic Outcomes	12 National Outcomes	Provincial Development Plan (EC Vision 2030)	National Development Plan	Sustainable Development Goals	National 10 Point Plan
An Innovative and Productive City	<ul style="list-style-type: none"> <li>• Decent employment through inclusive economic growth.</li> <li>• A skilled and capable workforce to support inclusive growth.</li> <li>• An efficient, competitive and responsive economic infrastructure network.</li> </ul>	<ul style="list-style-type: none"> <li>• A growing, inclusive and equitable economy.</li> <li>• Vibrant and equitably enabled communities.</li> </ul>	<ul style="list-style-type: none"> <li>• Unemployment rate should fall from 27% in 2011 to 14% by 2020 and to 6% by 2030.</li> <li>• Total employment should rise from 13 million to 24 million.</li> </ul>	<ul style="list-style-type: none"> <li>• Ensure access to affordable, reliable, sustainable economic growth, full and productive employment and decent work for all.</li> </ul>	<ul style="list-style-type: none"> <li>• Unlocking the potential of SMMEs, cooperatives, township and rural enterprises.</li> <li>• Operation Phakisa aimed growing the ocean economy and other sectors.</li> <li>• Encouraging private sector investment.</li> </ul>
A Green City	<ul style="list-style-type: none"> <li>• Protection and enhancement of environmental assets and natural resources.</li> </ul>	<ul style="list-style-type: none"> <li>• A growing, inclusive and equitable economy.</li> </ul>	<ul style="list-style-type: none"> <li>• Achieve the peak, plateau and decline trajectory for greenhouse gas emissions, with the peak being achieved around 2025.</li> <li>• By 2030, an economy-wide carbon price should be entrenched.</li> </ul>	<ul style="list-style-type: none"> <li>• Take urgent action to combat climate change and its impacts.</li> </ul>	<ul style="list-style-type: none"> <li>• Resolving the energy challenge.</li> <li>• Revitalizing agriculture and the agro-processing value chain.</li> </ul>
A Well-Governed City	<ul style="list-style-type: none"> <li>• Improve the quality of basic education.</li> </ul>	<ul style="list-style-type: none"> <li>• An educated, empowered, and innovative citizenry.</li> </ul>	<ul style="list-style-type: none"> <li>• All children should have at least two years of pre-school education. This implies about 2 million places.</li> <li>• About 80% of schools and learners achieve</li> </ul>	<ul style="list-style-type: none"> <li>• Ensure inclusive and equitable quality education and promote lifelong learning</li> </ul>	<ul style="list-style-type: none"> <li>• N/A</li> </ul>

BCMM Strategic Outcomes	12 National Outcomes	Provincial Development Plan (EC Vision 2030)	National Development Plan	Sustainable Development Goals	National 10 Point Plan
			<p>50% and above in literacy, mathematics and science in grades 3, 6, 9.</p> <ul style="list-style-type: none"> <li>At least 80% of students should complete 12 years of schooling.</li> </ul>	<p>opportunities for all.</p>	
A Well-Governed City	<ul style="list-style-type: none"> <li>A development-orientated public service and inclusive citizenship.</li> </ul>	<ul style="list-style-type: none"> <li>An educated, empowered and innovative citizenry.</li> </ul>	<ul style="list-style-type: none"> <li>A capable and effective state, able to enhance economic opportunities, support the development of capabilities and intervene to ensure a rising floor of social rights for the poor.</li> </ul>	<ul style="list-style-type: none"> <li>Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.</li> </ul>	<ul style="list-style-type: none"> <li>Moderating workplace conflict.</li> </ul>
A Spatially Transformed City	<ul style="list-style-type: none"> <li>Improve health and life expectancy.</li> </ul>	<ul style="list-style-type: none"> <li>A healthy population.</li> </ul>	<ul style="list-style-type: none"> <li>By 2030, life expectancy should reach at least 70 for both men and women</li> <li>Infant mortality rate should decline from 43 to 20 per 1000 live births and the under-five mortality rate should be less than 30 per 1000, from 104 today.</li> </ul>	<ul style="list-style-type: none"> <li>Ensure healthy lives and promote well-being for all at all ages</li> </ul>	<ul style="list-style-type: none"> <li>N/A</li> </ul>
A Spatially Transformed City	<ul style="list-style-type: none"> <li>Sustainable human settlements and improved quality of household life.</li> </ul>	<ul style="list-style-type: none"> <li>Vibrant and equitably enabled communities (Universal access to social infrastructure).</li> </ul>	<ul style="list-style-type: none"> <li>The proportion of people with access to electricity should rise from 70% in 2010 to 95% by 2030, with no grid options available for the rest.</li> <li>Ensure that all people have access to clean, potable water and that there is enough water for agriculture and industry.</li> </ul>	<ul style="list-style-type: none"> <li>Ensure availability and sustainable management of water and sanitation for all.</li> </ul>	<ul style="list-style-type: none"> <li>State reform and boosting the role of state-owned companies, ICT infrastructure or broadband roll out, water, sanitation and transport infrastructure.</li> </ul>

The 2022/2023 MTREF has therefore been directly informed by the IDP revision process and the following tables provide a reconciliation between the IDP strategic objectives and operating revenue, operating expenditure and capital expenditure.

**Table 31: MBRR Table SA4 - Reconciliation between the IDP strategic objectives and budgeted revenue**

## **2.3 MEASURABLE PERFORMANCE OBJECTIVES AND INDICATORS**

Performance Management is a system intended to manage and monitor service delivery progress against the identified strategic objectives and priorities. In accordance with legislative requirements and good business practices as informed by the National Framework for Managing Programme Performance, the City is developing a performance management system of which system is constantly refined as the integrated planning process unfolds. The Municipality targets, monitors, assesses and reviews organisational performance which in turn is directly linked to individual employee's performance.

The following table provides the main measurable performance objectives the municipality undertakes to achieve this financial year.

**Table 34: MBRR Table SA7 - Measurable performance objectives**

### **2.3.1.1 Borrowing management**

The ability of the City to raise long term borrowing is largely dependent on its creditworthiness and financial position. The City has a credit rating of A1<sub>(za)</sub> (Short-Term) and A<sub>(za)</sub> (Long-Term) together with a low gearing ratio thus enabling the City to borrow capital to fund its revenue generating infrastructure. The City is in the process of acquiring loan funding for waterworks and sewerage projects as part of capital-intensive realisation that will promote economic growth for the City. This is part of a pro-active but cautionary measure in line with section 46 of the MFMA, to invest in revenue raising infrastructure assets that have a positive return on earnings in the long run.

The following financial performance indicators have formed part of the compilation of the 2022/2023 MTREF budget:

- *Capital charges to operating expenditure* is a measure of the cost of borrowing in relation to the operating expenditure. It can be seen that the cost of borrowing is slightly increasing from 1.3% in 2022/2023 to 2.3% in 2024/2025 over the MTREF.
- *Borrowing funding of own capital expenditure* measures the degree to which own capital expenditure (excluding grants and contributions) has been funded by way of borrowing; the average over the MTREF is 47%.

### **2.3.1.2 Safety of capital**

*The debt-to-equity ratio* over the MTREF period is 14.3%; the ratio indicates the taking up of new loan funding.

### **2.3.1.3 Liquidity**

*Current ratio* over the MTREF period is 1.8: 1. Included in the current assets is the City's debt book which has a collection ratio of 80.5% and the recoverability of this is considered to be obtainable.

*The liquid ratio* for the 2022/2023 financial year is 0.5:1 and slightly decreases to 0.3: 1 in the 2024/2025 financial year.

#### **2.3.1.4 Revenue Management**

The City has adopted an aggressive Revenue Enhancement Strategy, which includes revenue generation, accuracy of meter reading, regular supplementary valuations, and ensuring all residents receive a correct bill that the City has rendered thereby contributing to the confidence of the consumers. The current collection rate of 69.02% as at 30 April 2022 is expected to improve to 80.5% over the MTREF period. A Revenue Management Rollout Programme is consistently being undertaken to encourage customers to pay their municipal accounts. A Debt Incentive Scheme has also been approved by Council to encourage customers to settle their accounts and keep them up to date.

#### **2.3.1.5 Creditors Management**

The City has managed to ensure that creditors are settled within the legislated 30 days of statement, except for those that are under dispute. SMME's are paid bi-monthly. By applying daily cash flow management, the municipality has managed to ensure a 100% compliance.

#### **2.3.1.6 Other Indicators**

- i. Employee costs as a percentage of operating revenue is 30.3% in the 2022/2023 financial year and slightly decreases to 29.7% over the MTREF. Though this rate is still within the norm, the increasing trend is a concern that require close monitoring.
- ii. The electricity distribution losses are 21.6% as at 30 April 2022 and is anticipated to be 22.8% by 2024/2025. This continues to be an area of focus to reduce electricity losses. There is a program that is undertaken by the City to electrify informal dwellings which would also assist in reducing illegal connects.

- iii. The City has a Revenue Protection Unit, the main aim of this unit is to reduce the losses; however, there is a limit to what can be done with limited resources in the short term and the extent to which losses can be limited.
- iv. Electricity losses mitigation strategy:
  - a. The inspection of all large power user installations on a yearly cycle.
  - b. The inspection of all domestic power user installations on a three-yearly cycle.
  - c. Priority inspection all identified non-purchasing prepayment customers monthly.
  - d. Inspect all disconnected domestic prepayment/credit metered services on a monthly cycle to identify further tampering and to take progressively more deterrent action against the transgressors.
  - e. Inspect existing “old” meters for possible calibration inaccuracies.
  - f. The enforcement of the Electricity Bylaws in terms of arresting illegal electricity connectors.
- v. The overall average of non-revenue water amounts to 38.1% at 30 April 2022 and the City anticipates this to decrease to 30% by 2024/2025.
- vi. BCMM has developed a Water Conservation and Water Demand Management (WC/WDM) Strategy, which focuses primarily on reducing the level of non-revenue water to enhance both the financial viability of and water supply sustainability to BCMM.
- vii. The goals set in terms of this Strategy, are the following:
  - a. Reduction of non-revenue water:
  - b. Increased billed metered consumption:
  - c. Reduction of raw water treatment losses:
  - d. Ability to undertake detailed water balances:
  - e. Promotion of water use efficiency
- viii. Repairs and maintenance as a percentage of total operating revenue is on average 5% over the 2022/2023 MTREF period.

### **2.3.2 Free Basic Services: Basic Social Services Package for Indigent Households**

The social package assists residents that have difficulty paying for services and are registered as indigent households in terms of the Indigent Policy of the City. Only registered indigents qualify for the Free Basic Services.

As at 30 April 2022, the breakdown of the total number of Indigents is as follows:

**Electricity** - A total of 63,403 Indigents (both urban and rural) had registered for the Free Basic Electricity.

**Water** - BCMM supplied 6kl of Water Free to approximately 83,778 residents in the informal settlements and rural communities within the boundaries of BCMM. With regards to rural water, the communities are already catered for as there is no registration required at present. The register fluctuates due to new registrations and those who no longer qualify for the indigent subsidy.

In terms of the municipality's indigent Policy, registered households are entitled to 6kl free water (R118.77), and 50 kwh of electricity (R92.57). Registered indigents are also to receive the following monthly rebates in the 2022/2023 financial year:

- i. Property Rates – R142.41 (based on a property value of R150 000)
- ii. Refuse Removal – R300.73
- iii. Sewerage Charges – R106.93
- iv. Fire Levy – R62.88

### **2.3.3 Providing Clean Water and Managing Waste Water**

The BCMM is the Water Services Authority and has the executive authority to provide water services within its area of jurisdiction in terms of the Municipal Structures Act 118 of 1998 or the ministerial authorisations made in terms of this Act. The primary responsibility for Water Services Authority includes:

- i. **Ensuring access:** To ensure the realisation of the right of access to water services, particularly basic water services (subject to available resources) by seeing that appropriate investments in water services infrastructure are made.

- ii. **Planning:** To prepare water services development plans to ensure effective, efficient, affordable, economical and sustainable access to water services that promote sustainable livelihoods and economic development.
- iii. **Regulation:** To regulate water services provision and Water Services Providers within the jurisdiction of the municipality and within the policy and regulatory frameworks set by DWAF through the enactment of by-laws and the regulation of contracts.
- iv. **Provision:** To ensure the provision of effective, efficient and sustainable water services (including water conservation and demand management) either by providing water services themselves or by selecting, procuring and contracting with external Water Services Providers.

BCMM provides approximately 60% of bulk potable water through Umzonyana Water Treatment Works and KWT Water Treatment Works, 40% is provided by Amatola Water as Water Services Provider.

#### **2.3.3.1 Blue Drop Status**

Buffalo City Metropolitan Municipality achieved 72.8% on Blue Drop Score as it was audited by Department of Water and Sanitation in 2014. The 2014 audit represents the last full audit carried out by the Department of Water and Sanitation. Subsequent audits have been in the form of Provisional Assessment Tools (PAT's) for which no scoring is allocated. The Department of Water and Sanitation has revived the biennial auditing of drinking water supply schemes and the next full audit is anticipated to take place in 2022. BCMM achieved 98% compliance with SANS 241 drinking water quality standards in the third quarter SDBIP reporting for 2021/2022.

#### **2.3.3.2 Green Drop Status**

BCMM had 15 of wastewater collector and treatment systems audited. From the 2013 Green Drop Audit BCMM obtained a Green Drop status for the East Bank WWTW and an overall Green Drop Score of 80.94%. The 2013 audit represents the last full audit carried out by the Department of Water and Sanitation. Subsequent audits have been in

the form of Provisional Assessment Tools (PAT's) for which no scoring is allocated. The Department of Water and Sanitation recently revived the biennial auditing of wastewater schemes. A full audit of BCMM wastewater schemes was held in September 2022, scoring on the municipal performance in the audit has not been released to date. BCMM achieved 76% compliance against legislated final effluent water quality limits in the third quarter SDBIP reporting for 2020/2021.

### **2.3.3.3 Generic Water Services Challenges**

By its nature, provision, operation and maintenance of a service like water and wastewater will be faced with various challenges, some related to budgetary constraints, while the origin of other may be related to prevailing socioeconomical factors. Currently BCMM is faced with the following water service challenges:

#### **i. Ageing Infrastructure**

Our water and wastewater network have reached its remaining useful life in various parts of our city, requiring major upgrading, refurbishments, and renewal in some instances. The City is addressing this through its asset renewal programme which is part of its capital budget.

#### **ii. Provision of New Bulk Infrastructure**

There has been a constant growth in the need for provision of new bulk infrastructure and extension of existing services, due to population growth and historic backlog. The City is finalising designs to augment water supply in the Bisho and Berlin areas through construction of a new Kei Road water treatment works. The City is also upgrading and refurbishing bulk wastewater infrastructure in King Williams Town, Reeston, and West bank areas.

#### **iii. Augmentation of Water Supply Resources**

While the City has pockets of areas where water is supplied from ground water resources bulk of municipal water supply is reliant of the Amatola Water Supply System, which is a system of interconnected dam system. The increasing water demand calls for a need to implement effective water conservation and water

demand management strategies. The City is also investigating various water supply augmentation strategies, that include implementing waste water effluent re-use strategy, and sea water desalination. Experts have already been appointed to look into the latter studies and advise on the most feasible options. The City is also evaluating various water supply augmentation strategies, that include implementing effluent re-use strategy, and consideration of sea water desalination. The City is also developing a hydrological modelling tool of the Amatole Water Supply System, through its partnership with its twinning arrangements with international municipalities and universities.

iv. **Provision of water services to informal settlements**

The City is mandated by the Constitution to ensure provision of water services to all our communities. The City initiated a programme of provision of water services to all our informal settlements; however, this is a shifting goal post due to constant increase in informal settlements as many City dwellers are rapidly moving out of the urban areas in favour of peri-urban or rural spaces so that they may benefit from services intended for the poor, unfairly.

v. **Vandalism of Infrastructure**

Water and wastewater services are faced with high levels of vandalism and illegal electricity connections, which result in disruption of provision of these services, and pose health and safety hazards to our communities and the environment.

vi. **Reduction of Non-Revenue Water**

The City had an overall non-revenue water of approximately 36.27% during the 2020/2021 financial year. This is relatively higher than the target of 30% in terms of National Government Policy Framework. The City strives to reduce non-revenue water through various strategies, that include renewals of infrastructure, installation of new water meters, and improvements in billing and revenue collection.

vii. **Balancing Capital and Operational Expenditure**

Water and wastewater services are faced with high levels of vandalism and illegal electricity connections, which result in disruption of provision of these services, and post health and safety hazards to our communities and the environment.

Substantial funding is required to address the above challenges. To this end, the City has considered various infrastructure funding models, including loan funding and Public Private Partnerships. A Water Indaba is being planned by the City wherein all stakeholders will be taken into confidence with regards to the municipalities plans to ensure water security. This will also be a platform to share ideas with other Metros or municipalities. Private sector/business will also be allowed an opportunity to showcase technologies within the water business so that all stakeholders can be on par with current trends in the space of Water and Sanitation services management.

## **2.4 OVERVIEW OF BUDGET-RELATED POLICIES**

The City's budgeting process is guided and governed by relevant legislation, frameworks, strategies and related policies.

### **2.4.1 Approved Policies**

The following budget-related policies have been adopted and approved by Council and are available on the City's website at [www.buffalocity.gov.za](http://www.buffalocity.gov.za):

#### **2.4.1.1 Tariff Policy**

In terms of Section 74(1) of the Municipal Systems Act No 32 of 2000, Council adopted the revised Tariffs Policy on 31 May 2021. This policy helps and guides the Metro in funding services which is made possible by levying property taxes, charging for municipal services rendered and levy collection through business levies. No amendments have been made to the policy, the policy is attached as Annexure G.

#### **2.4.1.2 Funding and Reserves Policy**

The Funding and Reserves policy is aimed at ensuring that the Municipality has sufficient and cost-effective funding in order to achieve its long-term objectives through the implementation of the medium-term operating and capital budgets. The policy was adopted by Council on 31 May 2021 and no amendments have been made to the policy. This policy is attached as Annexure M.

#### **2.4.1.3 Capital Infrastructure Investment Policy**

The objective of the Capital Infrastructure Investment Policy is adequate maintenance of assets so as to provide a return on the City's investments. The policy was adopted by Council on 31 May 2021 and no amendments have been made to the policy. This policy is attached as Annexure Q.

#### **2.4.1.4 Long-Term Financial Planning Policy**

The policy on Long Term Financial Planning was adopted by Council on 31 May 2021 and encompasses the development, implementation and evaluation of a plan for the provision of basic municipal services and capital assets. No amendments have been made to the policy. This policy is attached as Annexure R.

#### **2.4.1.5 Budget Management & Oversight Policy**

The Budget Management & Oversight Policy was adopted by Council on 31 May 2021 and is to provide the principles which the municipality will follow in preparing each medium-term revenue and expenditure framework budget, and adjustment budgets. No amendments have been made to the policy. This policy is attached as Annexure S.

#### **2.4.1.6 Cost Containment Policy**

The objective of the Cost Containment Policy is to prescribe cost containment measures for the Metro in line with Municipal Cost Containment Regulations. The policy was adopted by Council on 31 May 2021 and no amendments have been made to the policy. This policy is attached as Annexure U.

## **2.4.2 Policies reviewed and amended**

The following budget-related policies have been reviewed by management and submitted together with the draft Revised 2022/2023 IDP, draft 2022/2023 MTREF Budget and draft 2022/2023 BEPP.

### **2.4.2.1 Property Rates Policy**

Through the public participation process, comments were received from National Department of Cooperative Governance to our Property Rates Policy. The input was proposing various minor amendments. After consideration of this input, minor amendments have been made to this rates policy.

In terms of Section 3 of the Municipal Property Rates Act No. 6 of 2004, read in conjunction with Municipal Property Rates Amendment Act 29 of 2014, Council must adopt the revised Property Rates Policy. The amended policy is attached as Annexure H (amendments are highlighted in the policy for easy reference).

The following are the proposed amendments:

- i. Under section 7 on definitions: remove 'Old Age Homes' from the definition of Business and Commercial Properties. The proposed amendment emanates from comments received from the National Department of Cooperative Governance.
- ii. Added definition for "Indigent household" under section 7 (definitions) as it was previously not included. The proposed amendment emanates from comments/recommendation received from the National Department of Cooperative Governance.
- iii. Added "Indigent Households" as one of categories identified for the purpose of rates relief measures under section 9B.
- iv. Added a new section, which is section 9.3.5 in order to reflect how indigent households benefit from relief measures.

#### **2.4.2.2 Supply Chain Management Policy**

In terms of section 111 of the Municipal Finance and Management Act No. 56 of 2003 the municipality must adopt a Supply Chain Management Policy; this policy has been attached as Annexure I.

The following are the proposed amendments:

- v. Replace the words “organ of state” with “the metro” under section 57 (Preferential Procurement) so as to be more specific to the Metro.
- vi. Removal of reference to “Preferential Procurement Regulations, 2017” under section 58 (1).

#### **2.4.2.3 Immovable Asset Policy**

The Immovable Asset Policy is attached as Annexure J. Some of the proposed amendments to the policy are summarised below.

The below are some of the proposed amendments:

- vii. Changing of word “Director” to “Head of Directorate” so as to ensure alignment with the organisational structure.
- viii. Add definition of “Work in Progress (WIP)” under Definitions as it was previously not included.

Kindly refer to Annexure J for additional proposed amendments, amendments have been done to ensure compliance with GRAP.

#### **2.4.2.4 Movable Asset Policy**

The Movable Asset Policy is for the management of movable assets (Property, Plant and Equipment). Some of the proposed amendments to the policy are summarised below. The proposed amendments are also highlighted on the revised policy attached as Annexure K.

The below are some of the proposed amendments:

- ix. Changing of word “Director” to “Head of Directorate” so as to ensure alignment with the organisational structure.
- x. Addition to abbreviations for CIDMS - City Infrastructure Delivery and Management System (National Treasury).
- xi. Removal of the below under the section on Information to be Included in an Asset Register as movable assets not revalued:
  - Revalued amount of the asset as determined in the guidelines of this document
  - Revaluation date

Kindly refer to Annexure K for additional proposed amendments, amendments have been done to ensure compliance with GRAP.

#### **2.4.2.5 Budget Virement Policy**

The Budget Virement Policy is to effectively and efficiently manage the budget transfers and virements and ensure optimum service delivery. The proposed amendments to the policy are summarised below. The proposed amendments are also highlighted on the revised policy attached as Annexure L.

The below are the proposed amendments:

- i. Inclusion of “Software Licenses” and “Skills Development Levy” under section 10.2.1.1 not be used as sources of budget transfers.

#### **2.4.2.6 Credit Control Policy**

The objective of the Credit Control Policy is to effectively collect all revenue due to the Metro. The proposed amendments to the policy are summarised below. The proposed amendments are also highlighted on the revised policy attached as Annexure N.

The below are the proposed amendments:

- i. The proposed amendment in section 3(12)(a) emanates from AG’s finding and to allow constancy in the application of the Credit Control Policy.

- ii. The proposed amendment in section 8.6(b)(iv) is around approval for the implementation of the partial block.

#### **2.4.2.7 Indigent Support Policy**

The Indigent Support Policy is aimed at ensuring that the indigent get physical access to services in a sustainable manner. The proposed amendments to the policy are summarised below. The proposed amendments are also highlighted on the revised policy attached as Annexure O.

The below are the proposed amendments:

- i. Amend section 12.6 (Deceased Estate) to read “The municipality shall continue subsidising the deceased estate account for the duration or period not exceeding one (1) year to allow the family to appoint an executor whom a new account will be created/opened on his/her name”.
- ii. Insertion of a new paragraph which is 16.8.4 under section 16.8 (Exit programme). The proposed new paragraph is “The Indigent Register will be shared with the other relevant Directorates, Government Department and Private Sector”. The reason for the proposed paragraph is to create a conducive environment for Indigent Subsidy Beneficiaries to participate in the economic main stream.

#### **2.4.2.8 Long-Term Borrowings Policy**

A Long-Term Borrowings Policy has been developed in compliance with the Municipal Finance and Management Act No. 56 of 2003 and the Municipal Budget and Reporting Regulations on Debt Disclosure. The proposed amendments to the policy are summarised below. The proposed amendments are also highlighted on the revised policy attached as Annexure P.

The following are the proposed amendments:

- i. Insertion of a new subsection which is 5.1(g) under section 5.1 (Statutory Conditions). The proposed new subsection is to set out the information to be provided with respect to long-term debt proposal in a tabular format.

- ii. Insertion of a new subsection which is 5.1(h) under section 5.1 (Statutory Conditions). The original policy did not refer to Certification for Long-Term Borrowing (debt); the proposed new subsection is to set out the certification of long-term borrowing (debt) which is to be signed by City Manager and Executive Mayor.
- iii. Amend all ratio calculation formulas under section 12(d) to be in line with MFMA Circular 71 so as to ensure that they are specific to local government as guided by National Treasury.

#### **2.4.2.9 Investment and Cash Management Policy**

The purpose of the Investment and Cash Management Policy is to secure sound and sustainable management of the Metro's surplus cash and investments. The proposed amendments to the policy are summarised below. The proposed amendments are also included on the revised policy attached as Annexure T.

The following are the proposed amendments:

- i. All references to cheques be removed in the policy as cheques are no longer an acceptable form of payment or bill of exchange in South Africa.
- ii. It is proposed that paragraph 1 under section 8.2 (Payment of suppliers / creditors) be removed as payment of creditors is not happening once due to SMMEs being paid weekly.

All the above policies are available and can be viewed on Buffalo City Metropolitan Municipality's Website: [www.buffalocity.gov.za](http://www.buffalocity.gov.za)

#### **2.5 OVERVIEW OF BUDGET ASSUMPTIONS**

Key factors that have been taken into consideration in the compilation of the 2022/2023 MTREF include:

- National Government macro-economic targets;
- The general inflationary outlook and the impact on City's residents and businesses;
- The impact of municipal cost drivers;

- The increase in prices for bulk electricity and water; and
- The increase in the cost of remuneration.

### 2.5.1 General inflation outlook and its impact on the municipal activities

In terms of the Municipal Budget Circular No. 115 dated 04 March 2022, municipalities were advised to take the following macro-economic forecasts into consideration:

**Table 36: Macroeconomic performance and projections, 2021 - 2025**

Fiscal year	2021/2022	2022/2023	2023/2024	2024/2025
	Estimate	Forecast		
<b>CPI Inflation</b>	4.5%	4.8%	4.4%	4.5%
<b>Real GDP growth</b>	4.8%	2.1%	1.6%	1.7%

*Source: 2021 Budget Review*

- Global uncertainties and an uneven domestic recovery will weigh on the economic outlook over the medium-term. While the outlook for 2022 has been revised upward, persistent structural constraints continue to inhibit the pace of the recovery from COVID- 19 and longer-term growth.
- Industrial action in the manufacturing sector, and the re-emergence of load shedding, also slowed the pace of the recovery.
- Municipalities are under pressure to generate revenue as a result of the economic landscape, the COVID-19 pandemic, weak tariff setting and increases in key cost drivers to provide basic municipal services. The ability of customers to pay for services is declining and this means that less revenue will be collected.

### 2.5.2 Credit rating outlook

The City has a healthy financial position, and this is confirmed by the low gearing ratio coupled with “A” Long Term Rating (Global Credit Rating) thus allowing the City to obtain additional long-term borrowings.

**Table 37: Credit rating outlook**

<b>Security class</b>	<b>Currency</b>	<b>Current Rating 2020/2021</b>	<b>Annual rating 2021/2022</b>	<b>Previous Rating 2020/2021</b>
<b>Short term</b>	Rand	A1(za)	April 2022	A1(za)
<b>Long-term</b>	Rand	A(za)	April 2022	A(za)
<b>Outlook</b>	Rand	Stable	April 2022	Stable

The rating definitions are:

- Short term: A1: Defined as, very high certainty of timely payment relative to other issuers or obligations in the same country. Liquidity factors are excellent and supported by good fundamental protection factors. Risk factors are minor.
- Long-term: A: Defined as high credit quality relative to other issuers or obligations in the same country. Protection factors are good. However, risk factors are more variable and greater in periods of economic stress.

The Credit Rating for 2021/2022 and 2020/2021 remain unchanged with the Ratings Outlook remaining Stable.

### **2.5.3 Interest rates for borrowing and investment of funds**

The MFMA specifies that borrowing can only be utilised to fund capital or refinancing of borrowing in certain conditions. The City engages in financing arrangements to minimise its interest rate costs and risk. The average interest rate for borrowings is currently 9.08%. The City has budgeted R733 million in the 2022/2023 financial year, R622 million in the 2023/2024 financial year and R140 million in 2024/2025 financial year in terms of external capital loan funding. An amount of R49 million has been projected in the 2022/2023 financial year, R154 million in the 2023/2024 financial year and R162 million in the 2024/2025 financial year for finance charges on external capital loan funding. Finance charges budgeted for relates to both existing long-term borrowings and the new loan that is being sought by the City.

The City is investing its cash reserves on various investing institution in line with the MFMA. The interest rate is currently 3.5% on primary bank account and 3.85% on investment call accounts. An amount of R31 million has been projected in both 2022/2023 and 2023/2024 financial years and R32 million in the 2024/2025 financial year for interest earned on external investments.

#### **2.5.4 Collection rate for revenue services**

The rate of revenue collection is currently at 69.02% (30 April 2022) of annual billings and arrear debt. Stricter control measures of the Credit Control Policy are being enforced, the collection of arrear debt will be utilised as a source of additional cash in-flow for funding future capital infrastructure projects. An amount of R1.21 billion towards debt impairment has been provided for the 2022/2023 financial year and is based on projected average collection ratio of 80.5% set as a target in the SDBIP.

#### **2.5.5 Growth in the tax base of the municipality**

Revenue from own sources is assumed to increase at a rate that is influenced by the consumer debtors' collection rate, tariff/rate pricing, real growth rate of the City, household formation growth rate and the poor household change rate.

Household formation is the key factor in measuring municipal revenue and expenditure growth, as servicing 'households' is a greater municipal service factor than servicing individuals. Household formation rates are assumed to convert to household dwellings. In addition, the change in the number of poor households influences the net revenue benefit derived from household formation growth, as it assumes that the same costs incurred for servicing the household exist, but that no consumer revenue is derived as the 'poor household' limits consumption to the level of free basic services.

#### **2.5.6 Salary and Wage increases**

The 2022/2023 MTREF has made a provision of 4.8% for salary increases, this increase is in line with the existing Salary and Wage Collective Agreement.

### **2.5.7 Impact of National, Provincial and Local Policies**

Integration of service delivery between national, provincial and local government is critical to ensure focussed service delivery and, in this regard, various measures were implemented to align IDPs, provincial and national strategies around priority spatial interventions. In this regard, the following national priorities form the basis of all integration initiatives:

- Accelerate Public Infrastructure Investment;
- Support for special economic zones and manufacturing incentives;
- Further expansion of public works programmes;
- Investment in renewable energy;
- Overhaul procurement and supply chain management;
- Creating jobs and reduce poverty;
- Skill development;
- Rural development and agriculture; and
- Fighting crime and corruption.

To achieve these priorities integration mechanisms are in place to ensure integrated planning and execution of various development programs. The focus will be to strengthen the link between policy priorities and expenditure thereby ensuring the achievement of the national, provincial and local objectives.

### **2.5.8 Ensuring maintenance of existing assets**

Repairs and maintenance have been budgeted at 5% of the total operating expenditure. The City has recognised the target to be reached is 10%, however cognizance should be given to the impact on tariffs in this regard. Substantial budget allocation has been made for renewal of existing assets as detailed in the capital program section.

### **2.5.9 Ability of the municipality to spend and deliver on the programmes**

The establishment of the Enterprise Project Management Office (EPMO) continues to bear fruit as it still strategically and technically assists the capital spending of the City. It is estimated that a spending rate of at least 100% is achieved on operating expenditure

and 100% on the capital programme for the 2022/2023 MTREF of which performance has been factored into the cash flow budget.

## 2.6 OVERVIEW OF BUDGET FUNDING

### 2.6.1 Medium-term outlook: operating revenue

The 2022/2023 MTREF budget is fully funded utilising receipts from the following funding sources:

- Own Funds (Internally Generated Funds)
- Borrowings
- National Government Allocation
- Provincial Government Allocation
- Other transfers and grants

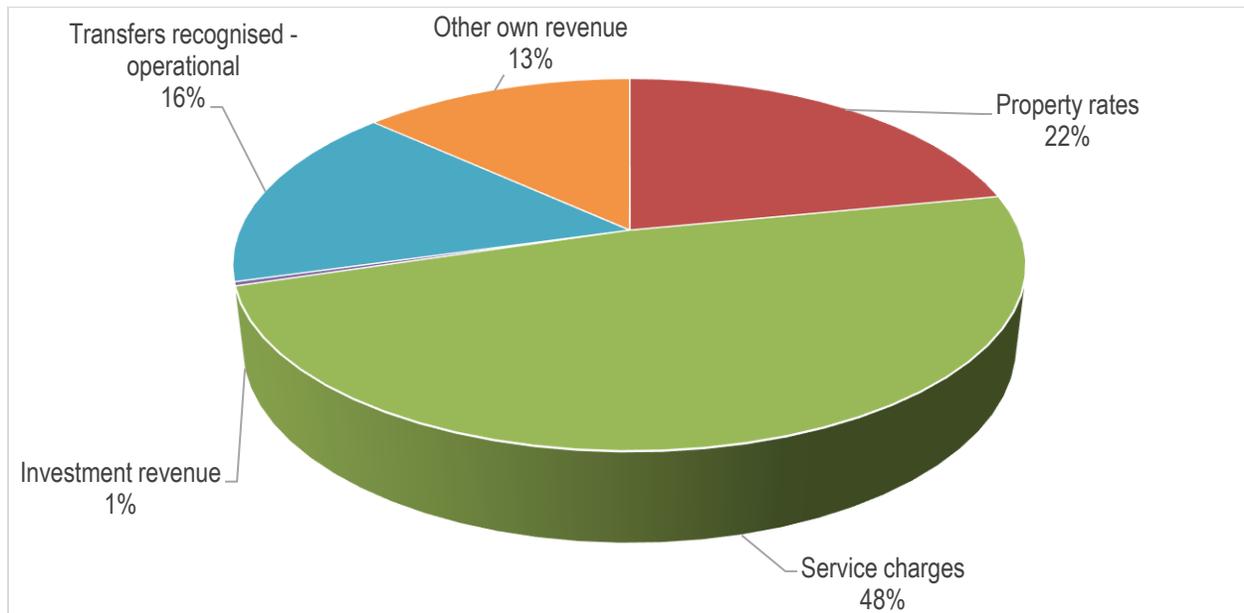

The following table is a breakdown of the operating revenue over the medium-term:

**Table 38: Breakdown of the operating revenue over the medium-term**

Description R thousands	2022/23 Medium Term Revenue & Expenditure Framework					
	Budget Year 2022/23	%	Budget Year +1 2023/24	%	Budget Year +2 2024/25	%
<b><u>Financial Performance</u></b>						
Property rates	1 958 216	22%	2 044 378	22%	2 136 375	22%
Service charges	4 253 303	48%	4 572 890	49%	4 944 323	50%
Investment revenue	30 876	1%	31 206	1%	31 505	0%
Transfers recognised - operational	1 446 763	16%	1 437 067	15%	1 478 210	15%
Other own revenue	1 182 480	13%	1 223 209	13%	1 299 082	13%
<b>Total Revenue (excluding capital transfers and contributions)</b>	<b>8 871 639</b>	<b>100%</b>	<b>9 308 750</b>	<b>100%</b>	<b>9 889 494</b>	<b>100%</b>

The following graph is a breakdown of the operational revenue per main category for the 2022/2023 financial year.

**Figure 6: Breakdown of operating revenue for the 2022/2023 financial year**

Tariff setting plays a major role in ensuring desired levels of revenue. The City derives most of its operational revenue from the provision of goods and services (48% of total revenue) such as water, electricity, sanitation and solid waste removal. Property rates (22%), transfers and subsidies (16%), Investment revenue (1%) and other minor charges (such as building plan fees, licenses and permits etc) (13%) forms part of the 2022/2023 revenue base.

The revenue strategy is a function of key components such as:

- Growth in the City and economic development;
- Revenue management and enhancement;
- Implementation of Credit Control and Debt Collection Policy;
- Achieve set target for collection ratio;
- Adhere to National Treasury guidelines;
- Plan in line with General Economic Climate (Nationally and Local);
- Budget Electricity tariff increases that are within the National Electricity Regulator of South Africa (NERSA) approval;
- Achievement of full cost recovery of specific user charges;
- Implementation of Tariff Policy; and

- Implementation of the Property Rates Policy in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA)

The above principles guide the annual increase in the tariffs charged to the consumers and the ratepayers aligned to the economic forecasts.

Consideration of bad economic climate that is affecting the City's consumers was taken into consideration when determining the tariff increases. Ensuring that tariffs are fully recovering the costs of running the service was also given high consideration in determining the tariff increases.

The table below reflects the proposed tariffs for the 2022/2023 MTREF period.

**Table 39: Tariff increases 2021/2022 to 2024/2025 MTREF**

	Actual tariff increase	Proposed tariff increase			Budgeted revenue '000
Description	2021/2022	2022/2023	2023/2024	2024/2025	2022/2023
Property rates	8,00%	4,80%	4,40%	4,50%	1 958 216
Refuse	8,50%	4,80%	4,40%	4,50%	385 616
Sewerage	8,50%	4,80%	4,40%	4,50%	468 519
Electricity	14,59%	7,47%	8,47%	9,00%	2 549 552
Water	9,10%	6,78%	7,78%	9,00%	849 617
Fire Levy	8,00%	4,80%	4,40%	4,50%	84 974
Sundry Income	8,00%	4,80%	4,40%	4,50%	170 167
<b>Total</b>					<b>6 466 661</b>

Revenue to be generated from property rates is R1.96 billion in the 2022/2023 financial year, which represents 22% of the operating revenue base of the City and increases to R2.14 billion by 2024/2025.

Service charges related to electricity, water, sanitation, and refuse removal in total constitute the biggest component of the City's revenue basket, totalling R4.25 billion for

the 2022/2023 financial year and increasing to R4.94 billion by 2024/2025. For the 2022/2023 financial year services charges amount to 48% of the total revenue base increase to 50% over the medium-term.

Operational grants and subsidies amount to R1.45 billion, R1.44 billion and R1.48 billion for each of the respective financial years of the MTREF, or 16%, 15% and 15% of operating revenue. It needs to be noted that the grants receipts from national government are reducing over the MTREF.

Investment revenue contributes marginally to the revenue base of the City with a budget allocation of R31 million, R31 million and R32 million for the respective three financial years of the 2022/2023 MTREF.

The tables below provide detail investment information and investment particulars by maturity.

## 2.6.2 Medium-term outlook: capital revenue

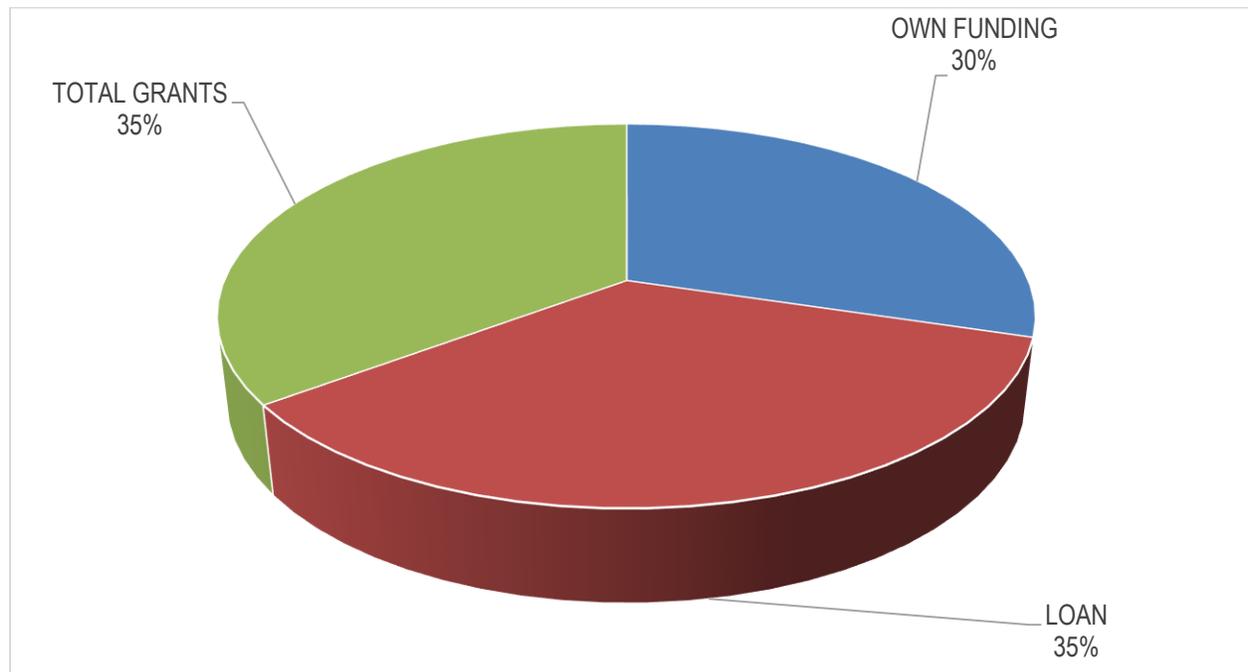

The following table is a breakdown of the funding composition of the 2022/2023 medium-term capital programme:

**Table 42: MBRR Table A5 - Sources of capital revenue over the MTREF**

Vote Description	2018/19	2019/20	2020/21	Current Year 2021/22				2022/23 Medium Term Revenue & Expenditure Framework

<b>Total Capital Funding</b>	<b>1 760 015</b>	<b>1 547 666</b>	<b>1 590 115</b>	<b>1 803 592</b>	<b>1 827 550</b>	<b>1 827 550</b>	<b>1 827 550</b>	<b>2 086 362</b>	<b>1 811 183</b>	<b>1 288 703</b>

The above table is graphically represented as follows for the 2022/2023 financial year:

**Figure 7: Sources of capital revenue for the 2022/2023 financial year**

Capital grants equate to 35% or R735 million of the total funding sources for the 2022/2023 financial year. Borrowing as a funding source for the capital programme amounts to R733 million for 2022/2023 financial year, R622 million for 2023/2024 financial year and R140 million for 2024/2025 financial year.

The repayment of capital and interest (debt services costs) has substantially increased over the past three years. The City will be acquiring loan in the 2022/2023 MTREF period amounting to approximately R1.49 billion to fund revenue generating capital programmes.

The following table is a detailed analysis of the City's borrowing liability.

**Table 43: MBRR Table SA17 - Details of borrowings**

Borrowing - Categorised by type R thousand	2018/19	2019/20	2020/21	Current Year 2021/22			2022/23 Medium Term Revenue & Expenditure Framework

Internally generated funds consist of a mixture between surpluses generated on the operating statement of financial performance and cash backed reserves. In determining the credibility of this funding source, it becomes necessary to review the cash flow budget as well as the cash backed reserves and accumulated funds reconciliation. Internally generated funds consist of R619 million in 2022/2023, R437 million in 2023/2024 and R352 million in 2024/2025.

### 2.6.3 Cash Flow Management

BCMM is projecting a favourable cash position of R885 million at 30 June 2023 and it is projected to be R714 million at 30 June 2024 (2025: R696 million).

**Table 45: MBRR Table A7 – Budgeted cash flow**

### 2.6.3.1 Cash Backed Reserves/Accumulated Surplus Reconciliation

The table below indicates the cash and investments available after some provisions which increases from R1.28 billion in the 2022/2023 financial year to R1.25 billion in the 2024/2025 financial year. With the introduction of GRAP the institution was required to account for all assets, including those which had been implemented historically by both pre and post 1994 Governments. This resulted in a significant increase in the accumulated surplus associated with the take on of assets. Furthermore, the institution has implemented the revaluation model for accounting for roads and storm water as well as municipal properties which has contributed further to additional surpluses.

**Table 46: MBRR Table A8 – Cash Backed Reserves/Accumulated Surplus Reconciliation**

### 2.6.3.2 Funding compliance measurement

From a cash flow perspective (cash outflow versus cash inflow) the budget is fully funded and is therefore credible. The challenge for the City will be to ensure that the underlying planning and cash flow assumptions are meticulously managed, especially the performance against the collection rate.

**Table 47: MBRR Table SA10 – Funding compliance measurement**

### 2.6.3.3 Cash/cash equivalent position

BCMM is also projecting a favourable cash position, which currently is projected to be R885 million at 30 June 2023 and is projected to be R714 million at 30 June 2024 (2025: R696 million).

### 2.6.3.4 Cost Coverage

The projected cost coverage, including conditional grants is projected to be 2.3 months at 30 June 2022 and is projected to be around 1.3 months over the MTREF period; this is within the norm (1-3 months).

### 2.6.3.5 Surplus/deficit

The City has adopted the approach to cash back its depreciation on a year-to-year basis in order to renew and/or refurbish its existing infrastructure assets. The projected surplus (inclusive of capital transfers) for the 2022/2023 financial year is R737 million (2023/2024: R756 million and 2024/2025: R800 million).

#### **2.6.3.6 Property Rates/service charge revenue as a percentage increase less macro inflation target**

In order for the trading services to breakeven and/or generate a surplus the revenue income percentage increase is set above inflation. This trend will have to be carefully monitored and managed with the implementation of the budget.

#### **2.6.3.7 Cash receipts as a percentage of ratepayer and other revenue**

The rate of revenue collection is currently at 69.02% (30 April 2022) of annual billings and arrear debt. Stricter control measures of the Credit Control Policy are being enforced, the collection of arrear debt will be utilised as a source of additional cash in-flow for funding future capital infrastructure projects. It is projected that the average collection rate at 30 June 2023 will be 80.5%.

#### **2.6.3.8 Debt impairment expense as a percentage of billable revenue**

An amount of R1.21 billion towards debt impairment has been provided for in the 2022/2023 financial year of the MTREF and is based on an average collection ratio of 80.5%.

#### **2.6.3.9 Repairs and maintenance expenditure level**

The City is having a consistent trend of spending above 90% of its repairs and maintenance budget. The allocation of repairs and maintenance is 5% of operating expenditure budget in the MTREF. Substantial own funding has been allocated to renew existing assets. Budget details are contained in SA34c.

#### **2.6.3.10 Asset renewal/rehabilitation expenditure level**

Details of the City's strategy pertaining to asset management and repairs and maintenance is contained in SA34b.

## 2.7 EXPENDITURE ON GRANTS AND RECONCILIATIONS OF UNSPENT FUNDS

## **2.10 ANNUAL BUDGET AND SDBIP'S – INTERNAL DEPARTMENTS**

In terms of Section 53(1)(c)(ii) the Mayor of a Municipality must take all reasonable steps to ensure that the municipality's Service Delivery and Budget Implementation Plan is approved by the Mayor within 28 days after the approval of the budget. Once the draft budget has been approved by Council on 30 March 2022, the Service Delivery Budget and Implementation Plan will be submitted to the Mayor for consideration and approval by Council.

### **2.10.1 Executive Support Services (Vote 1)**

The core purpose of Executive Support Services is to promote public accountability and broadening public participation. Extensive involvement of communities in municipal planning through established institutional arrangements demonstrates the City's commitment to the promotion of public accountability.

Significant strides are made in engaging communities through the utilisation of various governance structures at both the Executive and Legislative components of Council.

The Directorate of Executive Support Services comprises of the following departments:

- i. Political Office Administration
- ii. Communication / Marketing / International & Intergovernmental Relations
- iii. IDP, Performance Management and GIS
- iv. Special Programmes and Youth
- v. Monitoring and Evaluation

## **2.11 ANNUAL BUDGET AND SDBIPS – MUNICIPAL ENTITIES**

Buffalo City Metropolitan Development Agency (BCMDA) is a municipal entity wholly owned by Buffalo City Metropolitan Municipality (BCMM). BCMDA was established as a profit company on 20 April 2016. Its mandate is to increase economic growth through tourism, economic and social development as well as property management and commercialisation. As an entity of BCMM, BCMDA extends the Metro's capability with respect to identification, planning and implementation of development projects for the benefit of the entire municipal area. The governance of BCMDA is entrusted to board of directors.

To allow the agency to realise its mandate, the City has set aside an amount of (inclusive of vat) R51 million for 2022/2023 financial year, R53 million in 2023/2024 and R56 million in 2024/2025 financial years as an operational grant to the agency. The City will also transfer an amount of (inclusive of vat) R47 million in 2022/2023 and R18 million in 2023/2024 for capital projects that will be implemented by the entity.

The primary mandate of Buffalo City Metropolitan Development Agency is to:

- i. Attract investors into Buffalo City,
- ii. Increase economic growth through tourism, economic and social development,  
and
- iii. Property management and commercialisation.

The aggregated annual budget, as required in terms of section 9 of the MBRR, are presented in the five primary budget tables on the following pages. These tables reflect BCMDA's 2022/2023 budget and MTREF to be supported by Council.

Schedule D reflecting BCMDA's annual budget and supporting documents is attached as Annexure Z.

## **2.12 CONTRACTS HAVING FUTURE BUDGETARY IMPLICATIONS**

In terms of the City's Supply Chain Management Policy, no contracts are awarded beyond the medium-term revenue and expenditure framework (three years) unless MFMA Section 33 has been complied with. In ensuring adherence to this contractual time frame limitation, all reports submitted to either the Bid Evaluation and Adjudication Committees must obtain formal financial comments from the Chief Financial Officer.

## **2.13 CAPITAL EXPENDITURE DETAILS**

The following tables present details of the City's capital expenditure programme, firstly on the new assets, then renewal of assets, upgrading of assets, repair and maintenance of assets, depreciation of assets, detailed capital programme and delayed capital projects.

### MBRR Table SA34a – Capital expenditure on new assets by asset class (continued)

## **2.14 LEGISLATION COMPLIANCE STATUS**

Compliance with the MFMA implementation requirements have been substantially adhered to through the following activities:

### **1. Budget and Treasury Office**

The Budget and Treasury Office was established in accordance with the MFMA requirements.

### **2. Budget**

This draft MTREF budget has been developed in accordance with the requirements prescribed by the MFMA, Municipal Budget and Reporting Regulations, National Treasury and mSCOA Regulations. Budgets are being tabled and approved within the required legislative timeframes. The business plans and procurement plans of the budgeted projects are available, for easy monitoring these can be monitored at a Portfolio Committee level.

### **3. In-Year Reporting**

Reporting to National Treasury and other transferring officers in electronic format is fully complied with on a monthly basis. Section 71 reporting to the Executive Mayor (within 10 working days) includes monthly publishing of financial performance on the City's website. The monthly data string that agrees to the C-schedules gets uploaded on the National Treasury portal on a monthly basis.

Furthermore, there's full compliance with regards to quarterly (Section 52d) and mid-year reports (section 72) reports to Council, Provincial and National Treasury and other external stakeholders.

### **4. Municipal Entities**

The City currently has only one entity i.e. Buffalo City Metropolitan Development Agency (BCMDA).

## **5. Internship Programme**

The City is participating in the Municipal Financial Management Internship Programme (MFMIP) and has been continuously training interns. There are currently four interns that are undertaking the programme, all have been enrolled to the Municipal Finance and Supply Chain Management Programme that is prescribed as a minimum competency for middle management. Most interns that were previously on the MFMIP have been appointed within the City on completion of the program whilst others got employment opportunities elsewhere.

## **6. Budget Steering Committee**

A Budget Steering Committee has been established in accordance with MBRR and is fully functional.

## **7. Audit Committee**

An Audit Committee has been established and is fully functional. The committee reports quarterly to MPAC and Council on the effectiveness of governance, internal control and risk management.

## **8. Risk Management Committee**

A Risk Management Committee has been established and is fully functional. The committee seats every quarter and whenever the need arises, reports are tabled to the audit committee on a quarterly basis as risk management is a standing item in all its meetings.

## **9. Municipal Public Accounts Committee**

This committee ensures that the administration, municipal agencies and entities are held accountable for their management of municipal funds and assets, and to ensure the efficient and effective utilisation of council resources.

## **10. Disciplinary Board (Consequence Management in terms of Chapter 15 of the MFMA)**

The Buffalo City Municipal Council has in accordance with Regulation 4(1) of the Financial Misconduct Regulations established a disciplinary board whose main task is to investigate allegations of financial misconduct in the municipality.

## **11. Service Delivery and Implementation Plan**

The detail SDBIP document has been prepared as part of the Draft Revised 2022/2023 IDP and Draft MTREF budget preparation in compliance with MFMA, Section 53(1)(c).

## **12. Annual Report**

The Annual Report is prepared in terms of the MFMA and National Treasury requirements.

## **13. National Treasury Minimum Competency Programme**

BCMM senior management has already undergone training as required in the National Treasury Competency Programme; the programme is now being cascaded to junior managerial levels of staff. All subsequent appointments are required to complete the minimum competency requirements within a specified timeframe.

## **14. Policies**

Policies are available on the BCMM website at [www.buffalocity.gov.za](http://www.buffalocity.gov.za)

## **15. Councillors Remuneration**

Remuneration of Councillors is determined by the Minister of Cooperative Governance and Traditional Affairs in accordance with the Remuneration of Public Office Bearers Act, 1998 (Act 20 of 1998). The most recent proclamation in this regard has been taken into account in compiling the City's budget.
