### 3 INTRODUCTION

The Indigent Support Policy is a legal imperative, a tool designed to ensure that some aspects of the Constitution of the Republic of South Africa, in terms of service delivery and access to such basic services is realized. The policy is a result of continuous persistence of indigence and poverty within communities. This policy therefore is a tool of intervention to alleviate the plight and to encourage the indigent households to live within affordable consumption levels. The Indigent Support Policy is therefore mindful of the Bill of Rights in its attempt to discharge the government's mandate.

In addition, the municipality firmly believes that in order to solve indigence, beneficiaries should be entitled to a broader package of services linked to employment, health and housing opportunities brought about by other initiatives, such as the Municipality's poverty alleviation programmes and local economic development initiatives.

The Growth and Development Summit (2007) Socio-Economic Profile stated that 45% of the population of Buffalo City was unemployed in 2005. Another survey of the Eastern Cape in 2006 stated that around 53% of households lived on an income of less than R1, 500 per month.

How to deal with these growing inequalities is a major policy issue for the Municipality. Until now, the provision of free basic services to the indigent has been subsumed in the larger Credit Control Policy. As a developmental municipality, Buffalo City is committed to ensuring supporting measures that assist and empower communities. The municipality views the provision of free basic services as only one aspect of its overall poverty alleviation and economic development programmes.

Therefore, poverty is a wider and more complex issue than the collection and disbursement of revenue. While the overall goal will be to move indigent households to a position where they will be able to make a financial contribution to the

Municipality's revenue collection, the reality is that this goal is some way off. This policy, and in particular the detailed procedures, attempt to address the complexities of living in poverty in Buffalo City.

#### **4 PREAMBLE**

## 6 MAIN PURPOSE OF THE POLICY

- 6.1 The Constitution of the Republic of South Africa No. 108 of 1996, read in conjunction with the Municipal Systems Act No. 32 of 2000 plus other government regulations, and Batho Pele principles, requires developmental local government to ensure the following provision of services in a sustainable manner that are affordable to all:
- 6.1.1 Access to at least a minimum level of basic municipal services within a safe and healthy environment, including electricity, water, sanitation and refuse removal.
  - 6.1.2 Ensuring that “needy or indigent households” have access to these basic services plus
  - 6.1.3 Giving priority to these basic needs of the municipal residents.
- 6.2 To ensure and maintain access to the indigent register for all identified and deserving poor households to basic essential services
- 6.3 To improve monitoring, support and to strengthen capacity of the Buffalo City Metropolitan Municipality to implement the policy.
- 6.4 To ensure cross-subsidisation for indigent support from non-residential and high-income consumers using the municipal services.
- 6.5 To create opportunities to better manage coordination between internal departments with regard to the policy implementation.
- 6.6 To ensure a more effective strategy to support the increased mobility of the poor from the indigent register (exit strategy).
- 6.7 To ensure that the revenue of the municipality is able to sustain indigent support.
- 6.8 To ascertain proper targeting options for the defined indigent households so as to ensure inclusiveness in approach and application of the policy in an equitable manner.

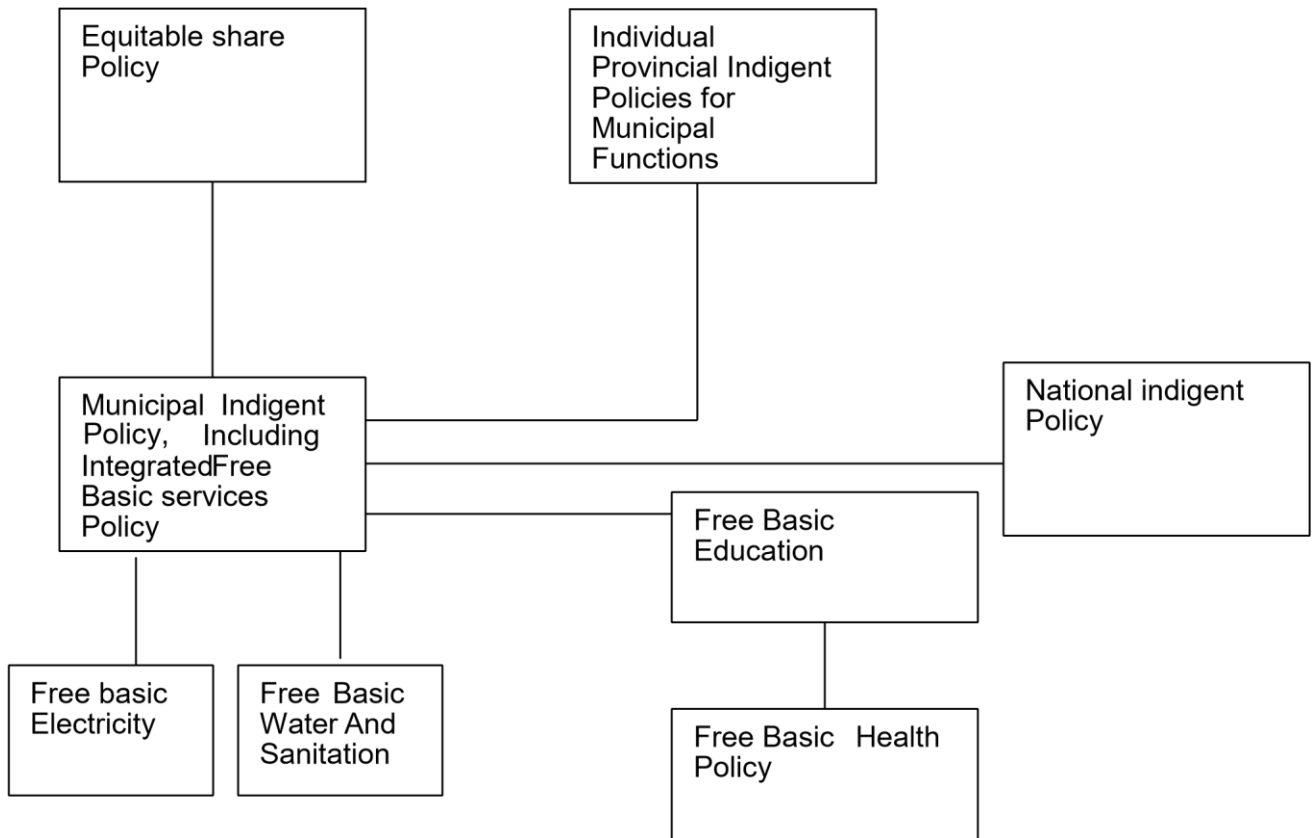

## **7 SCOPE OF THE POLICY**

- 7.1 The scope of this policy extends to all indigent households within BCMM area
- 7.2 Strenuous efforts are made to ensure that all who qualify as indigent are recognized and receive all services, grants and rebates that they are entitled to.
- 7.3 The definition of an indigent household in Buffalo City Metropolitan Municipality is as determined by Council, from time to time.
- 7.4 This policy is applied in conjunction with the Equitable Share Policy of the National Treasury as equitable share is an important component of the funding to be used to subsidise the provision of free basic services to the indigent.

The relationship between key policies of the 3 tier governments is shown below:-

**Relationships of Government Policies**

- a. National Government
- b. Provincial Government
- c. Local Government

## **8 STRATEGIC OBJECTIVES**

- 8.1 The objective of this policy is an attempt to close the gap between those who are indigent and non-indigent citizens of BCMM, through the targeted assistance with free allocations of electricity, water and other services, together with broader based access to housing, community services, employment initiatives and basic health care. This objective should ensure that all citizens of BCMM are able to participate in the community and are not barred through their indigent status.
- 8.2 The long-term objective is to move those who are indigent away from the need for free basic services and other support measures into a more positive developmental role as rate paying citizens of the community.

## **9 GUIDELINES RELATING TO FREE BASIC SERVICES WHICH COMPLEMENT THIS POLICY**

It is also recognized that there are several existing sector-specific strategies and guidelines relating to free basic services which complement this policy, including:

- 9.1 Free basic water strategy and guideline prepared by the Department of Water Affairs and Forestry (DWAFF).
- 9.2 Free basic sanitation strategy and guideline also prepared by DWAFF.
- 9.3 Guideline on tariffs for municipal solid waste services prepared by the Department of Environmental Affairs and Tourism.
- 9.4 Electricity basic support tariff (free basic electricity) policy prepared by the Department of Minerals and Energy.
- 9.5 The Property Rates Act, which provides for zero-rating of low value properties, thereby ensuring that households on these properties gain access to a package of public services free.

## **10 POLICY OBJECTIVES**

- 10.1 In support of the above principles, the first objective of this policy will be to ensure that the indigent get physical access to services. This means that the necessary capital infrastructure, including water supply, sanitation and refuse removal systems are in place. Similarly, if the services required are not properly operating or maintained, the indigent do not have access either and continue to live without the necessities of life. In order for these services to be provided, an arrangement of subsidies needs to be put in place and that these subsidies are properly targeted in such a way that the indigent benefit and that those who are not indigent pay.
- 10.2 The provision of a range of basic services (the “basket of services” approach) in the community is in a sustainable manner within the financial and administrative capacity of the Council.
- 10.3 The financial sustainability of free basic services through the determination of appropriate tariffs that contribute to such sustainability through cross subsidisation.
- 10.4 Establishment of a framework for the identification and management of indigent households including a socio-economic analysis where necessary and an exit strategy.
- 10.5 The provision of procedures and guidelines for the subsidisation of basic charges and the provision of free basic energy to indigent households
- 10.6 Cooperative governance with other spheres of government.
- 10.7 Detailed procedures will be decided from time to time and do not form part of this document. However, the framework for procedures includes:
- 10.7.1 A registration process where municipality actively canvass residents for information on their qualification for the indigent subsidy, as opposed to residents making their own enquiries as to their status. This includes communication campaigns and more general reminders about the right to claim, as well as specific information around the claims procedure.

10.7.2 The granting of a subsidy only to those who have correctly registered, with procedures around the detection of fraud and changes in circumstance e.g. income levels rising above the threshold for subsidy.

10.7.3 The active participation of Ward Councillors in the identification of indigent households and the explanation of the scheme to residents in their Ward.

10.7.4 A review and audit procedure where those in receipt of the indigent subsidy are checked from time to time on their continuing qualification for subsidies, and where the procedures themselves are reviewed for continuing efficiency, relevance and effective targeting of the indigent in the Municipality.

10.7.5 An exit strategy around the continuing need for support from the municipality.

## **11 KEY PRINCIPLES**

The municipality promotes the following principles:

11.1 To ensure that the Equitable Share received annually will be utilized for the benefit of the poor only and not to subsidise rates and services charges of those who can afford to pay.

11.2 To link this policy with the IDP, local economic development initiatives and poverty alleviation programmes and other relevant Council policies.

11.3 To promote an integrated approach to free basic service delivery and other social services provided by the municipality.

11.4 To engage the community in the development and implementation of this policy.

### **The Guiding Principles Used For Targeting The Indigent Are:**

11.5 Equity: the subsidy promotes both horizontal equity (people are treated equally across the municipality in the way tariffs influence their access to services) and vertically (groups with greater ability to pay should pay more).

11.6 Efficiency: incentives are provided for efficient production and allocation of services.

11.7 Environmental sustainability: tariffs and subsidies promote the delivery of services in an environmentally sustainable manner.

11.8 Financial viability: subsidies must be affordable.

11.9 Promotion of local economic development: tariffs and subsidies should work to enhance the impact on local economic development.

11.10 Ease of Implementation: the policies chosen are straightforward to implement.

## **12 TARGETING AND QUALIFICATION CRITERIA**

12.1 There are several ways in which the indigent can be targeted for the indigent subsidy and the wider social services provided by a municipality, including service levels, service consumption, property value, household income and geographic (zonal) targeting. Buffalo City Metropolitan Municipality has targeted its indigent households through the socio-economic information and performance indicators contained in the IDP, local economic development initiatives and its other poverty relief programmes.

Indigent subsidy shall, within the financial ability of the municipality, be allocated to owners or tenants of premises who receive electricity (either from Council or directly from Eskom), water, sanitation, refuse removal, fire levy, or assessment rates services from the Municipality, in respect of charges payable to the municipality for such services (this may be done in the form of write off, rebate or otherwise).

The Buffalo City Metropolitan Municipality has, within its financial and institutional capacity, chosen to use the following qualification criteria:

12.1.1 **First Qualification Criteria: - Property value:** Any property with a value which is less than or equal to the municipal value of a new RDP house as per the Valuation Roll (**equal or less than R150,000**) will be considered to be occupied by indigent resident/s as follows:

This value referred to in the above paragraph 1.1.1 will be determined by Council from time to time. The municipality reserves the right to withhold or cancel the subsidy should the household be earning an income above the aforementioned threshold limit.

**12.1.2 Second Qualification Criteria: - Gross Income less tax and pension:** A

single household where the combined income of the household, after income tax and pension deductions (gross household income), does not exceed the poverty threshold value, as determined by Council from time to time or the value of two (2) maximum old age state social grants per month. Child grants will not be considered when determining household income. A household shall comply with the following criteria: -

12.1.2.1 The property may only be used for residential purposes;

12.1.2.2 Must be a permanent resident of Buffalo City Metropolitan Municipality;

12.1.2.3 Must be a South African citizen;

12.1.2.4 The applicant may not be the registered owner of more than one (1) property.

12.1.2.5 The applicant may not receive more than one (1) subsidy from BCMM

**Exemptions**

Indigent relief will not be granted where the household, occupants, residents or, dependants, as the case may be: -

- In the event that the applicant is a tenant on the property with no documentary proof of the rental agreement between the owner and tenant.

## 13 **SERVICES TO BE SUBSIDISED**

The extent of the monthly indigent support granted to indigent households will be based on budgetary allocations for a particular financial year and the tariffs determined for each financial year. The level of indigent support granted shall not exceed the actual monthly billing to the account in respect of the services referred to in the paragraphs below. No amount shall be paid to any person or body, but shall be transferred as a credit towards the approved account holder's municipal services account in respect of the property concerned.

The subsidy received, in the majority of cases, does not cover the full account. In such event the consumer is still responsible for the balance between the full account and the subsidy received.

Where electricity is supplied by Eskom, the Council will enter into a service level agreement with Eskom to pay over the subsidy for indigent consumers qualifying in terms of this policy.

Council may grant subsidy up to 50% on connection fees, if the customer can satisfy beyond reasonable doubt that they cannot and won't afford the full amount and it is necessary that they be on prepaid.
