		End date:

INTENTION TO INSTALL RAINWATER TANKS

If this water source will be connected to a water installation, please request an inspection via gcobisan@buffalocity.gov.za to confirm that the installation complies with the Water Services by-law (2011). A reduced pressure zone (RPZ) back-flow preventer must be installed to protect the quality of the municipal water supply.

UNDERTAKING

I certify that the information furnished above is true to the best of my knowledge and belief, and I am aware that if any part of the information submitted is at any stage found to be false/misleading, the application will be rejected or the permission will be revoked.
