**UNAUTHORISED EXPENDITURE ADJUSTMENT BUDGET REPORT FOR THE
2024/2025 FINANCIAL YEAR**

1. PURPOSE

The purpose of the report is for Council to **consider** and **approve** the unauthorised expenditure adjustment budget of Buffalo City Metropolitan Municipality for the 2024/2025 financial year as reported and disclosed in the 2024/2025 Audited Annual Financial Statements.

2. AUTHORITY

Buffalo City Metropolitan Council.

3. LEGAL / STATUTORY REQUIREMENTS

- 3.1 The Constitution of the Republic of South Africa, 1996
- 3.2 Municipal Finance Management Act No 56, 2003
- 3.3 Municipal Budget and Reporting Regulations, 2009

4. BACKGROUND

Unauthorised expenditure is defined in section 1 of the MFMA as follows:

“unauthorised expenditure”, in relation to a municipality, means any expenditure incurred by a municipality otherwise than in accordance with section 15 or 11(3), and includes —

- (a) overspending of the total amount appropriated in the municipality’s approved budget;
- (b) overspending of the total amount appropriated for a vote in the approved budget;

- (c) expenditure from a vote unrelated to the department or functional area covered by the vote;
- (d) expenditure of money appropriated for a specific purpose, otherwise than for that specific purpose;
- (e) spending of an allocation referred to in paragraph (b), (c) or (d) of the definition of “allocation” otherwise than in accordance with any conditions of the allocation; or
- (f) a grant by the municipality otherwise than in accordance with this Act.

In terms of regulation 23(6)(b) of the MBRR, council may authorise unauthorised expenditure in a special adjustments budget tabled in council when the mayor tables the annual report in terms of section 127(2) of the MFMA. This special adjustment budget “may only deal with unauthorised expenditure from the previous financial year which the council is being requested to authorise in terms of section 32(2) (a) (i) of the Act.” This special adjustment budget therefore deals with:

- i. unauthorised expenditure that occurred in the second half of the previous financial year (2023/2024), and
- ii. any unauthorised expenditure identified by the Auditor-General during the annual audit process.

According to the Municipal Budget and Reporting Regulations (MBRR), 2009, (Reg. 21)

“An adjustment budget and supporting documentation of a municipality must be in the format specified in Schedule B and include all the required tables, charts and explanatory information taking into account any guidelines issued by the Minister in terms of S168(1) of the Act” (MFMA).

This report follows the legislative requirements of the Municipal Budget and Reporting Regulations (Schedule B format).

5. **EXPOSITION OF FACTS**

Unauthorised expenditure was disclosed as legislatively required in terms of MFMA Circular 68 in note 61 of the Annual Financial Statements (AFS) and was due to overspending on the appropriated amounts of some of the expenditure types in the approved budget.

The consolidated unauthorised expenditure of R643 565 756 per expenditure type relates to the following:

- a) Debt impairment (R56 212 014) due to the following:
 - Low collection rate, the target was 77% as at 30 June 2025, and 70% was achieved.
 - There was an increase in non-purchases in prepayment electricity, an indication of increased meter tampering, which affects revenue collection.
 - There has been an increase in Electricity and Water losses. Meter Tampering has significantly increased year-on-year, which causes any suspension of services to be ineffective.
 - For 2024/25: 5,134 less customers made payments as compared to 2023/24 financial year, an indication of economic decline, inflation, possible meter tampering etc.
- b) Inventory consumed and bulk purchases relates to secondary costing journals passed: R18 936 104
- c) Finance charges (Interest) due to non-cash accrued interest in respect of the Landfill Provision: R35 502 068
- d) Depreciation & Amortisation is due to asset impairment: R532 915 570

A. The unauthorised expenditure incurred (**R643 565 756**) has been as a result of over-spending of the total amount appropriated to the following **expenditure category**:

a) Debt impairment (R56 212 014) due to the following:

- Low collection rate, the target was 77% as at 30 June 2025, and 70% was achieved.
- There was an increase in non-purchases in prepayment electricity, an indication of increased meter tampering, which affects revenue collection.
- There has been an increase in Electricity and Water losses. Meter Tampering has significantly increased year-on-year, which causes any suspension of services to be ineffective.
- For 2024/25: 5,134 less customers made payments as compared to 2023/24 financial year, an indication of economic decline, inflation, possible meter tampering etc.

b) Inventory consumed and bulk purchases relates to secondary costing journals passed: R18 936 104

- c) Finance charges (Interest) due to non-cash accrued interest in respect of the Landfill Provision: R35 502 068
- d) Depreciation & Amortisation is due to asset impairment: R532 915 570

 - ii. Spatial Planning & Development - R41 387 944
 - iii. Public Safety & Emergency Services - R142 762 924

5.1.3 REMEDIAL ACTIONS TO PREVENT UNAUTHORISED EXPENDITURE

- Monthly monitoring of unauthorised expenditure is performed through Section 71 reports and non-cash items are reviewed during in-year budget monitoring processes.
- Prior-year actuals and interim financial information are being considered more consistently during budgeting and adjustment budget preparation. However, the effectiveness of these measures has not yet been fully realised as under-provisioning for depreciation and amortisation, finance costs relating to provisions and debt impairment persisted in the 2024/25 financial year.
- Further strengthening of forecasting and mid-year adjustments will be done to prevent unauthorised expenditure.

PART 1 – ADJUSTMENT BUDGET

5.2 EXECUTIVE MAYOR'S REPORT

The unauthorised budget adjustment is being prepared as informed by the 2024/2025 audited Annual Financial Statements (AFS) and in terms of the Municipal Finance Management Act (MFMA), and the Municipal Budget and Reporting Regulations (MBRR).

The main reason for this adjustment budget is the over-spending on some of the expenditure types in the municipality's approved budget. This adjustment budget report covers the 2024/2025 financial year.

Table 9 below provides a high-level consolidated summary of the Operating and Capital Budget adjustments for the 2024/2025 financial year. The table also indicates that there has been no change in the overall total budget for the operating revenue as no extra revenue was realised. It also reflects that there is no change in the overall total capital budget, however there is a proposed change of R492 111 271 to the total operating expenditure budget due to the unauthorised expenditure identified in 2024/2025 financial year.

5.4 EXECUTIVE SUMMARY

The Buffalo City Metropolitan Municipality is striving to excel in its governance responsibility. One of the fundamental pillars of achieving governance excellence is ensuring full compliance with applicable legislations. This unauthorised expenditure adjustment budget report is responding to the Municipal Finance Management Act (MFMA) and the Municipal Budget and Reporting Regulations (MBRR) requirements which prescribe that the unauthorised expenditure may be authorised through a special budget adjustment tabled in council when the mayor tables the annual report in terms of section 127(2) of the MFMA.

BCMM undertook an analysis of unauthorised expenditure that has been incurred and disclosed in its consolidated 2024/2025 AFS. The analysis which has been reported in section 5.1 above of this report revealed that the incurred unauthorised expenditure of R643 565 756 has been a result of the following; R56 212 014 relates to Debt impairment, R35 502 069 relates to Finance charges (Interest) due to non-cash accrued interest in respect of the Landfill Provision, R532 915 570 relates to depreciation and R18 936 104 relates to inventory due to secondary costing journals passed.

A budget adjustment is therefore tabled at Council to authorise the unauthorised expenditure of R643 565 756 that is disclosed in the Consolidated 2024/2025 AFS. Savings of R154 808 294 have been identified to transfer to the expenditure types with the unauthorised expenditure. As the savings identified are not sufficient to address the unauthorised expenditure there is also a proposed increase of R492 111 271 to the Operating Expenditure Budget to address the rest of the unauthorised expenditure incurred. It is therefore necessary that the adjustment budget for 2024/2025 financial year be tabled at Council for its consideration and approval.

The total consolidated operating revenue budget for the 2024/2025 financial year has not been adjusted and remains R10 318 347 595. There is a proposed increase of R492 111 271 to the consolidated operating expenditure budget for the 2024/2025 financial year as the savings identified to address the unauthorised expenditure were not sufficient to cover the unauthorised expenditure incurred in

the 2024/2025 Financial year. There has been no adjustment made in the capital budget of 2024/2025 financial year and remains R1 412 239 964 (Refer to section 5.7 below for details).

5.4.1 OPERATING AND CAPITAL BUDGET ADJUSTMENT

Table 10 below provides a high-level summary of the Operating and Capital Budget adjustments for the 2024/2025 financial year. The table also indicates that there has been no change in the overall total budget for the consolidated operating revenue. It also reflects that there is no change in the overall total capital budget, however there is a proposed increase of R492 111 271 to the overall total operating expenditure budget due to the unauthorised expenditure identified in the 2024/2025 financial year.
