BUDGET MANAGEMENT & OVERSIGHT POLICY PRINCIPLES

2. INTRODUCTION

In terms of the Municipal Finance Management Act, No.56 of 2003, Chapter 4 on Municipal Budgets, Subsection (16), state that the council of a municipality must for each financial year approve an annual budget for the municipality before commencement of that financial year.

According to subsection (2) of the Act concerned, in order to comply with subsection (1), the executive mayor of the municipality must table the annual budget at a council meeting at least 90 days before the start of the budget year.

This policy must be read, analyzed, interpreted, implemented and understood against this legislative background. The budget plays a critical role in an attempt to realize diverse community needs. Central to this, the formulation of a municipality budget must take into account the government's macro-economic and fiscal policy fundamentals.

In brief, the conceptualization and the operationalization of the budget must be located within the national government's policy framework.

3. OBJECTIVE

The objective of the budget management and oversight policy seek to address the following: -

The Policy aims to:

- Establish and maintain a Policy framework by which managers can compile, control and review departmental and municipal entities' (MEs) budgets to ensure efficient and effective financial management.

- Ensure that funds are managed carefully and transparently.
- Ensure compliance with the provisions of the MFMA and the MBRR.

The Policy provides guidelines and procedures with regard to:

- To ensuring effective budget management and oversight;
- To outline the principles which the municipality will follow in preparing each medium-term revenue and expenditure framework budget,
- To detail the roles and responsibilities of the Executive Mayor, City Manager, Chief Financial Officer and other senior officials
- The compilation of both the operating and capital budget
- Budget monitoring and reporting
- Adjustments budget
- Unavoidable and unforeseen expenditure
- Unauthorised, irregular or fruitless and wasteful expenditure
- To establish and maintain procedures to ensure adherence to Buffalo City's IDP review and budget processes.

4. LEGAL FRAMEWORK

The budget preparation process is guided by the enabling legislative imperatives that are derived from The **Municipal Finance Management Act (MFMA) 56 of 2003**, the **Municipal Systems Act (MSA) 32 of 2000**, **Municipal Budget and Reporting Regulations (MBRR)** and all other applicable legislation, policies and circulars that make reference to the budget process.

Section 21 of the **MFMA** requires the Executive Mayor to table before council 10 months before the start of the budget year a time schedule outlining key deadlines inclusive of the annual budget process, the Integrated Development Plan as prescribed by section 34 of the **MSA**, the

budget related policies, any amendments to the IDP or budget related policies, and the necessary consultative process which need to give effect to the above.

Furthermore, Section 7 of the MBRR requires that the municipal manager of a municipality must prepare or take all reasonable steps to ensure the preparation of the budget-related policies of the municipality in accordance with the legislation applicable to those policies for tabling in the municipal council by the applicable deadline specified by the Executive Mayor in terms of section 21(1) (b) of the Act. Also, Section 7 (1) (m) specifies that this must include a policy related to budget implementation and monitoring specifically dealing with management and oversight.

In accordance with the regulation 7(1) of the MBRR, the responsibility of preparing and amending budget related policies rests with the Municipal Manager and can be sub-delegated to the Chief Financial Officer in accordance with the municipality's systems of delegation.
