3. LEGAL / STATUTORY REQUIREMENTS

The Constitution of the Republic of South Africa, 1996

Municipal Finance Management Act No 56, 2003 Chapter 7, Section 71

Municipal Budget and Reporting Regulations, 2009

4. BACKGROUND

In terms of Section 72, of the Municipal Finance Management Act No. 56, 2003, Chapter 8, the accounting officer of the municipality must, by 25 January of each year, submit a mid-year performance assessment report of the municipality to the mayor of the municipality.

In terms of the Section 54 (1), (2) and (3) of the Municipal Finance Management Act No. 56, 2003 Chapter 7, the following applies: -

"(1) on receipt of a statement or report submitted by the accounting officer of the Municipality

In terms of section 54 (1), the mayor must –

- (a) consider the statement or report;
- (b) check whether the municipality's approved budget is implemented in accordance with the service delivery and budget implementation plan;

- (c) consider and ,if necessary make any revisions to the service delivery and budget implementation plan, provided that revisions to the service delivery targets and performance indicators in the plan may only be made with the approval of the council following approval of an adjustment budget;
- (d) issue any appropriate instructions to the accounting officer to ensure -
 - (i) that the budget is implemented in accordance with the service delivery and budget implementation plan: and
 - (ii) that spending of funds and revenue collection proceed in accordance with the budget;
- (e) Identify any financial problems facing the municipality , including any emerging or impending financial problems; and
- (f) In the case of a section 72 report, submit the report to the council by 31 January of each year.

In terms of Section 52 (d) of the Municipal Finance Management Act No 56, 2003 Chapter 7, "the Mayor must within 30 (thirty) days of the end of each quarter, submit a report to Council on the implementation of the budget and the financial state of affairs of the Municipality".

According to the Municipal Budget Reporting and Regulations (MBRR), 2009, "the monthly budget statement of a municipality must be in a format specified in Schedule C and include all the required tables, charts and explanatory information taking into account any guidelines issued by the Minister in terms of of S168(1) of the Act" (MFMA).

This report follows the legislative requirements of the Municipal Budget and Reporting Regulations (Schedule C format).

PART 1: IN-YEAR REPORT

5. EXECUTIVE MAYOR'S REPORT/COMMENTS

In terms of the legislative requirements placed on myself as an Executive Mayor, in terms of S54 (1):

- (i) I have considered the report and found it to be a fair reflection of the financial affairs of the institution.
- (ii) The approved budget has been implemented in accordance with the service delivery and budget implementation plan.
- (iii) There are currently no changes to the service delivery and budget implementation plan; however the changes will be considered during the mid-year adjustment budget period.
- (iv) The monthly budget statements (S71 reports) are prepared by the Accounting Officer and submitted to the office of the Executive Mayor within 10 working days of the new month.
- (v)The S71 reports for the first six months of this financial year have been considered in the preparation of this assessment report.

In terms of the mid-year performance report the city finds itself in a healthy financial state of affairs.

6. RESOLUTIONS

It is recommended that:

- (i) Executive Mayor considers and notes 2015/16 Mid-Year Budget and Performance Assessment Report of BCMM for the 2015/16 financial year in terms of Section 72 of the MFMA including supporting documentation attached as Annexure A to F.
- (ii) Executive Mayor notes the financial state of affairs of the Municipality as reflected in this report and take note of the year to date collection rate for the period ending 31 December 2015 of 88% and the twelve (12) months average of 90%.
- (iii) Executive Mayor notes the spending rate on DoRA allocation conditional grants, capital projects and operating projects, as well as reasons and remedial actions for such as indicated in section 12, 16 and 17 respectively of this report.

7.2. Liquidity position

Buffalo City Metropolitan Municipality's liquidity is considered relatively sound as the Current Ratio is 3.05:1 which indicates the ability of Municipality's current assets to cover its current liabilities. Debtors constitute 24% of the current assets, inventory constitutes 1% and cash & cash equivalents comprise 68% of the current assets.

7.3. Collection Rate and Outstanding Debtors

The debtor's collection rate for the average twelve months ending 31 December 2015 is 90% (2014/15: 92%) and the year to date collection rate for the six (6) months is 88% (2014/15: 92%).

The main contributing factor which contributed to the reduction in collection rate is the unprotected action taken by staff at the Munifin building which includes not addressing the needs of customers. This is currently being addressed by management.

Total debtors book as at 31 December 2015 amounts to R1.47 billion (2015: R1.33 billion). Households: R919.78 million, Business: R325.36 million, Government: R27.25 million, Other: R200.48 million. The ratio of debtors to revenue is 16.53%. The debtors' age analysis report is reflected on Annexure B – SC3.

7.4. Capital Expenditure

BCMM has spent R431.26 million inclusive of reclaimed vat (2014/15: R397.76 million) which is 31% (2014/15: 38%) of its 2015/16 adjusted capital budget of R1.38 billion (2014/15: R1.06 billion) as at 31 December 2015. This depicts a slight regression when compared to the same period in the previous financial year. The expenditure is showing improvement in the second quarter when compared to the first quarter performance. (Refer to Section 14 for further details)

A detailed schedule of the capital projects expenditure is outlined in Annexure E.

7.5. Operating projects

The Metro has spent 21% (R146.07 million, inclusive of reclaimed vat) of its 2015/16 adjusted budget of R697.73 million as at 31 December 2015. This reflects a regression when compared to the same period in the previous financial year where 40% (R114.10 million) of the adjusted operating projects budget of R288.44 million was spent. It is anticipated that the expenditure will improve once the procurement processes have been undertaken. The HSDG budget was overstated due to late confirmation of available funding by the Eastern Cape Provincial Department of Human Settlement, the budget will be reduced in the mid year adjustment budget. Should the HSDG allocation that is on the 2015/16 approved DoRA be taken into consideration then the total budget allocated for operating projects will reduce to R521.94 million, therefore resulting in the total operating projects expenditure percentage to increase to 28%. (Refer to Section 15 for further details)

A detailed schedule of the operating projects expenditure is outlined in Annexure D.

7.6. Expenditure on DoRA Current Allocation

The Metro has spent R326.38 million inclusive of reclaimed vat (2014/15: R304.89 million) which is 41% (2014/15: 43%) of its 2015/2016 DoRA allocation of R801.94 million (2014/15: R714.18 million) as at 31 December 2015. This reflects a slight regression when compared to the same period in the previous financial year. (Refer to Section 11 for further details)

7.6.1. <u>Urban Settlement Development Grant (USDG) funded projects</u>

BCMM has spent R296.47 million inclusive of reclaimed vat (2014/15: R278.19 million) which is 42% (2014/15: 41%) of its 2015/16 USDG budget of R713.13 million (2014/15: R673.29 million) as at 31 December 2015. This reflects a slight improvement when compared to the same period in the previous financial year. (Refer to Section 11 for further details)

7.7. Cash and Cash Equivalents

The cash and cash equivalents of the City as at 31 December 2015 are R2.72 billion made up of cash and bank amounting to R223.15 million and call investment deposits of R2.50 billion. This funding is invested with various financial institutions in compliance with the MFMA. Refer to Section 7.7 and Annexure A - C7 for the cash flow statement as well as Section 10 and Annexure B - SC5 for the investment portfolio breakdown. The cost coverage ratio of the city is 6.57 months.

7.8. Outstanding Creditors

The Metro is paying its creditors within 30 days as stipulated by the MFMA except when there are disputes on received invoices. Refer to Section 9 for details.

7.9. Long-Term Debt Profile

The total long term borrowings of the municipality as at 31 December 2015 amounts to R526.41 million (Refer to Annexure C for the schedule of borrowings).

The ratio of capital charges to operating expenditure is 1.96% and the total debt to revenue ratio is 11.71% as at 31 December 2015.

8.4.1. ANALYSIS OF STATEMENT OF FINANCIAL PERFOMANCE

8.4.1.1. <u>Service Charges – Electricity Revenue</u>

The over-recovery of 11% is a combination of the non-alignment of the period budget with the actual trend of consumption and the influences of seasonal consumption trends.

8.4.1.2. Rental of Facilities & Equipment

Rental of facilities is demand driven and therefore difficult to predict accurately. The situation is monitored on a monthly basis.

8.4.1.3. <u>Interest earned – External Investments</u>

The variance of 51% is due to high interest earned on investments than what was projected. The trend is expected to become linear as the year progresses.

8.4.1.4. Fines

The Magistrates Court has backdated their payments to BCMM for about three months as they have not been paying BCMM's portion of the fines/warrants paid in at the Magistrates Court.

8.4.1.5. <u>Licenses and Permits</u>

Applicants are not restricted to apply for drivers and learners licenses in their area of residence and tend to apply at more convenient testing stations. This results in reduction in income generated by BCMM on this service.

8.4.1.6. Transfers Recognised – Operational

The transfers recognised relate to grants and subsidies received as well as revenue recognised on grant funded operating projects. Revenue from grant funded projects is recognised as the expenditure is incurred and to date R98.40 million has been recognised. Total Grants and Subsidies received amounts to R491.36 million.

8.4.1.7. Other Revenue

Other revenue is made up of numerous miscellaneous items (e.g. town planning fees, fire levy charges, market income, road & transport registration fees, cemetery & burial fees, etc.). The actual income realised is above the projected income for the period under review due to varying seasonal trends.

8.4.1.8. Contracted Services

Contracted services are utilised as and when required. As the year progresses the use of contracted services will stabilise.

8.4.1.9. Other expenditure

Other expenditure includes operating projects, operational costs as well as repairs and maintenance. Expenditure on repairs and maintenance is provided in table 6 below.

8.4.1.10. Repairs and Maintenance

Table 6 below reflects that as at 31 December 2015, the repairs and maintenance expenditure is 37% of the approved budget of R372.01 million (2014/15: 49%). This reflects a regression when compared with the prior year and is anticipated to improve as the year progresses. Refer to Annexure B: SC13c (repairs and maintenance by asset class).

Note*: A stop order deduction is implemented for all municipal staff and councillors in arrears. When new staff join the employ of the municipality in many instances there is services debt, and therefore the arrears will be liquidated over an acceptable period of time, in terms of the Credit Control Policy. The reason why the debt reflects in the 30/60/90 day columns relating to staff and councillors is due to the fact that when the stop orders are receipted the payment is allocated to the oldest ageing category, giving the impression that current is not being paid, which is not the case as an amount is being deducted for current accounts.

9.2.4. <u>Debt Incentive Scheme</u>

The City is currently undertaking a debt incentive scheme to encourage consumers to pay its long outstanding debts. Any debt that was 120 days or older as at November 2014 qualifies for a write off of 50% provided that the remaining 50% plus the debt in the current to 90 days ageing categories is paid. This debt can be paid once-off, or in monthly instalment arrangements; or as a rand-for-rand option, whereby the consumer has an opportunity to pay 50% of the debt older than 120 days off as and when they can, until the end of June 2016 and for every payment made towards this debt, an amount of equal value is written off.

As at 31 December 2015 a total of three thousand and fifty-six (3056) consumers have registered for the scheme. The total registered debt value is R62,156,416.71 to date, debt payments received amount to R65,295,115.60 and debt write-offs total to R17,058,461.24.

9.2.5. Government Accounts

The total arrears owed by Government Departments to Buffalo City Metropolitan Municipality that are older than 30 days as at 31 December 2015 amounted to R15,485,239. This indicates a decrease of R551,821 when compared to prior month amount of R16,037,060.

A total payment of R10,544,309.45 was received from Government Departments in December 2015. The breakdown of the arrears per department (excluding accounts in credit) is indicated in the table hereunder, as at 31 December 2015.

Table 14 below provides an analysis of government debtors as at 31 December 2015 and comparison with the previous month.

12.1. Expenditure On Conditional Grant Allocations

The Metro has spent R326.38 million inclusive of reclaimed vat (2014/15: R304.89 million) which is 41% (2014/15: 43%) of its 2015/2016 DoRA allocation of R801.94 million (2014/15: R714.18 million) as at 31 December 2015. This reflects a slight regression when compared to the same period in the previous financial year.

Table 19 below reflects the year to date expenditure on 2015/16 total conditional grants.

Comments on performance of programmes that are implemented by the above funding are detailed below.

12.1.1. INTERGRATED NATIONAL ELECTRIFICATION PROGRAMME (INEP)

Some of the contracts are currently awaiting assessement date, expenditure to commence at appointment stage. The grant funding is going to be used to service connections to RDP houses detailed below:

AREA	CONNECTIONS	STATUS
Mdantsane – Mount Ruth	168	Awaiting assessment date
Mdantsane Buffer Strip	563	Awaiting assessment date
Potsdam Unit P(Extension 2)	400	Awaiting assessment date
Quenera (Mzamomhle PH 1)	311	Awaiting assessment date
Reeston Phase 3 (Stage1)	400	Awaiting assessment date

12.1.2. FINANCE MANAGEMENT GRANT (FMG)

The contracts of the prior intake of interns came to an end at 30 June 2015. Six (6) new interns have started their internship programme on 04 January 2016 and this will increase the expenditure. The funding will be fully utilised at year end.

12.1.3. INFRASTRUCURE SKILLS DEVELOPMENT GRANT (ISDG)

There is no further training scheduled for the current interns as the program is nearing completion; funding is only being used to pay the interns stipends. An application has been submitted to National Treasury, requesting an appointment of new interns.

12.1.4. <u>NEIGHBOURHOOD DEVELOPMENT PARTNERSHIP GRANT (NDPG)</u> Reasons for the Low Expenditure

Approval of the Concept Plans for the Mdantsane Urban Hub was only obtained on 08 December 2015 from NDP Unit at National Treasury. Projects to be implemented must still be approved by National Treasury. Capital expenditure cannot commence until such a time that the project to be implemented has been approved. Public and Political consultation process has been delayed.

Corrective Measures to improve expenditure

BCMM has advised National Treasury that the full capital allocation for 2015/2016 should be reduced and funds be allocated to the outer year in order to complete the project planning and design phase in this financial year.

12.1.5. <u>URBAN SETTLEMENT DEVELOPMENT GRANT (USDG)</u> HUMAN SETTLEMENTS

Reasons for the Low Expenditure

The programme is on track and 52% of the allocated funds have been spent, however,

the department has a challenge of slow progressing service providers in some of the projects and also technical timeframe delays in finalisation, submission and processing of invoices which impact in expenditure at the time of reporting.

Corrective Measures to improve expenditure

The mattes are being addressed with the concerned service providers to find suitable solution. In addition, the department is redeveloping the payment process timeframes to ensure that the practices do not impact much on expenditure. The department is also devoted to advance project monitoring in order to ensure that the service providers deliver as per required milestones.

INFRASTRUCTURE SERVICES

Sanitation Capital Projects

Awaiting the award for the Zwelitsha Wastewater Treatment Works. Zwelitsha Wastewater Treatment Works construction to commence in January 2016.

DEVELOPMENT & SPATIAL PLANNING

Reasons for the Low Expenditure

KwaTshatshu Pedestrian Bridge

Consultants were appointed in July 2014. The detail designs and tender document phase has been completed. An Environmental Authorisation was issued in July 2015. The Water Use Licence Application (WULA) has been submitted to the Department of Water & Sanitation and confirmation has been given that it is undergoing the finalisation stage. The land requirements are currently being dealt, valuations have been obtained and the Land Administration Department is in the process of dealing with the land owner. Construction tender documentation has been approved by the Bid Specification Committee and will be advertised in January 2016.

Needs Camp / Potsdam Bridge

Consultants were appointed in December 2013. The detail designs and tender document phase has been completed. Environmental Authorisation has been delayed until written confirmation regarding knowledge of the proposed project has been

received from the community leader or households affected by the proposed roadway. The Land Administration Department is currently dealing with the land issues regarding ownership and transfer to Council for the roadway. The Water Use Licence Application (WULA) has been approved and received from the Department of Water & Sanitation. Construction tender documentation has been approved by the Bid Specification Committee and will be advertised in January 2016.

Sidewalks

Sidewalks have been identified in Scenery Park and Sweetwaters, procurement process is underway.

Traffic calming measures

The following areas have been earmarked for the construction of speed humps: Beacon Bay, Nahoon Valley and Braelyn. Speed humps have been completed in the following areas: Duncan Village, Sweetwaters, Zwelitsha, Mdantsane and Amalinda.

Guardrails

The order for Guardrails has been created and the contractor is already on site in Mdantsane.

Traffic Signals

Sites for traffic signals have been identified on North East Expressway (NEX), Potters Pass, Caxton, Terminus and Gullsway. The installation of traffic signals have been completed at NEX/Thornburn Terrace, Buffalo/Caxton Streets and Buffalo/Terminus Streets.

Guidance Signage

The order for Guidance Signage has been opened and the installation will continue in January 2016 from Cambridge to Berlin.

<u>Taxi/ Bus stops, Scenery Park Taxi Loading Area and Bonza Bay Taxi Loading</u> <u>Area Ablution Facility</u>

Taxi/Bus stops in Reeston Amalinda and Mdantsane areas are 95% complete. Feasibility study and Design Bid Document for Scenery Park Taxi Loading area is currently at SCM for Price & HDI point scoring. Construction of Ablution Facility at the

Bonza Bay Taxi Loading area is complete. Work on the kerbing of the existing taxi rank will commence in January 2016.

ECONOMIC DEVELOPMENT AND AGENCIES

The Directorate of Economic Development and Agencies has an approved allocation of R10 million from the USDG in the 2015/16 financial year. The Market Upgrade programme has various projects i.e. roads maintenance, building capital works and refurbishment and roofing. Already the service provider for the roads projects is onsite and working, an amount of R4 million has been committed to the roads projects. Fiftynine percent (59%) of the allocated USDG funds on this programme has been spent.

HEALTH / PUBLIC SAFETY & EMERGENCY SERVICES

The project for King Williams Town Traffic Building is on track in terms of project milestones with Professional Team. Bill of quantities and specifications for building contractor has been finalized – awaiting specifications approval in order for the tender to be advertised.

MUNICIPAL SERVICES

LIBRARIES & HALLS SECTION

Development and Upgrading of Community Halls

Work is in Progress and contractors are on site to carry out refurbishment and upgrade of nine (9) community halls (Carnegie Hall, 5 Mdantsane community halls, Billy Francis, Needs Camp Community Hall, King Williams Town Hall).

Construction of Nompumelelo Hall

The tender was advertised on the 13th of November 2015 and closed on the15th of December 2015. The responsive bids will only be evaluated towards the end of January 2016.

THE AMENITIES DIVISION

Reasons for the Low Expenditure

The department is experiencing challenges with the majority of the annual contractors in terms of their capacity to execute the works or to provide quotations that correlate

with their tender documents/appointments. Some projects are at the evaluation stage such as the Refurbishment of Swimming Pools and Upgrading of the Zoo, and appointment of assessors has been approved for the department so that Bid Evaluation Committee (BEC) may consider the items. The Redevelopment of Mdantsane NU2 swimming pool project scope has been changed to that of the NU2 Sports precinct. The methodology for executing the project has also been changed on numerous occasions which led to delays.

Corrective Measures to improve expenditure

Project leaders and Enterprise Project Management Office (EPMO) are engaging with the respective annual contractors to speed up the execution of projects. The report for the appointment of the department assessors for the BEC has been approved by the Acting City Manager and the specification document for the NU2 Sports precinct was finalized and then will be submitted to BSC.

12.1.6. INTEGRATED CITY DEVELOPMENT GRANT (ICDG)

The delayed adoption and approval by Council of the Sleeper Site Best Use Concept Plan has an indirect implication for the Bid Specifications for the ICDG. The ICDG is intended for the detailed design of the East London CBD. Bid Specification to be approved and then advertised to commence the procurement of the professional design team.

12.1.7. MUNICIPAL HUMAN SETTLEMENT CAPACITY GRANT (MHSCG)

None of the targets have been realized because the disbursement of the grant was uncertain. The transfer of funds to BCMM was only done at end of October 2015 and this resulted in delayed planning and implementation of plans. The funding is meant to assist the department with enhancing the current personnel capacity; the department has appointed three project managers and two project assistants as additions to existing capacity.

12.1.8. EXPANDED PUBLIC WORKS PROGRAMME (EPWP)

The municipality has an allocation of R1 149 000 for the 2015/16 financial year from the National Department of Public Works as per approved payment schedule by

National treasury. A business plan has been approved for the following projects: Operations and Maintenance of public ablution facilities (R574 500); Maintenance of Eco Parks (R287 250) & Maintenance of roads within BCMM clusters (R287 250). These projects are on track, 90% of the funds have been spent.

13.2.1. Comments On Overtime

a) Directorate of Executive Support Services

The planned and emergency nature of tasks within the Executive Mayor and the Speakers Office contribute to excessive hours of work. Overtime incurred is also due to ward committee meetings held after business hours, loudhailing done after business hours and on weekends; attending public participation programmes on weekends.

b) City Managers Office

The overtime expenditure is due to joint operations committee meetings that are taking place on a daily basis, staff in the City Manager's office are expected to remain behind to provide the managers with any adhoc assistance that might be needed.

c) <u>Directorate of Finance</u>

The over expenditure on overtime is as a result of staff members in Debt Control Section. The overtime was requested in order to attend to backlog of queries which was to unflag expired or resolved queries in order to proceed with debt collection. The unflagging process is a manual process and mutliple accounts were identified with queries that have age old expiry dates that needed to be urgently unflagged in order to implemement debt collection.

d) Directorate of Corporate Services

The over expenditure on overtime is as a result of council meetings which necessitates the drivers to deliver council agendas.

e) <u>Directorate of Infrastructure Services</u>

Electricity – Overtime is incurred while carrying out emergency work in all areas of East London and King Williams Town/Bisho due to standby emergencies, vandalism, theft, revenue protection raids for illegals and load shedding, etc.

Water – Overtime is incurred while carrying out emergency work due to the high number of pipe bursts.

Sanitation – Overtime is incurred while carrying out emergency work (burst rising mains etc.) and attending to alarms received via the telemetry system or faults at pump stations i.e. tripped pumps etc.

f) <u>Directorate of Health / Public Safety & Emergency Services</u>

Over expenditure is due to security guards being paid overtime. Number of events on public roads has also impacted on overtime due to events taking place on weekends and public holidays.

g) <u>Directorate of Municipal Services</u>

Overtime is mostly due to halls usage, high volume of burials especially over weekends and the emergency overtime for grass cutting and vegetation control.

The Amenities functions are of such a nature that certain staff must be available seven days a week including public holidays. Services provided include emergency work, swimming pools (inland/ costal), sportsfields (inland/ coastal), resorts, aquarium, beaches, coastal conservation, nature reserves and the zoo.

The Department of Solid Waste Management is trying its level best to manage overtime but challenges amongst others like refuse removal truck shortages and high rate of absenteeism force overtime to be worked.

13.3. Standby and Shift Allowance Analysis

Table 23 below reflects standby and shift allowance expenditure incurred per directorate for the past six (6) months ended 31 December 2015. There was an increase in the total payment between October 2015 and November 2015 of R201 622 and a decrease in the total payment between November 2015 and December 2015 of R17 829.

13.4. Cost of Temporary Staff

The total payment of Temporary Staff for the past six (6) months ended 31 December 2015 is reflected below. There was a decrease in the total payment between October 2015 and November 2015 of R210 945 and an increase in the total payment between November 2015 and December 2015 of R2 519 38. The reason for an increase in cost of temporary staff in December 2015 is due to an intake of seasonal staff during the festive season.

14. MUNICIPAL ENTITY FINANCIAL PERFORMANCE

The parent municipality Buffalo City Metropolitan Municipality has constituted the board members for Buffalo City Development Agency (BCDA). The board is currently recruiting staff for the running of the agency. The Project Manager has been appointed and commenced work on 01 August 2015. The CEO and the office administrator have been appointed and commenced work on 02 November 2015 and 01 December 2015 respectively. The Chief Financial Officer position was advertised on 11 December 2015.

The Buffalo City Development Agency has a budget of R7.58 million within the Executive Support Services Directorate of BCMM and has spent R903,983 (12%) as at 31 December 2015.

15. SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN (SDBIP)

The SDBIP is a management, implementation and monitoring tool which assists the Executive Mayor, Councillors, Accounting Officer, Senior Managers and the community with the realisation of Municipality's strategic objectives as contained in the Integrated Development Plan. It also seeks to ensure monitoring and execution of the budget, performance of senior management and the achievement of the service delivery objectives set by Council. SDBIP enhances the principle of democratic and accountable local government as enshrined in section 152 of the Constitution. The SDBIP should therefore contain information that pertains to performance indicators, service delivery targets as well as measurement source. The SDBIP for the 2015/2016 financial year per vote is informed by Council resolutions to improve the quality of life of residents and citizens of BCMM. In doing so, Council is renewing its pledge to create "a City that grows with you".

The BCMM 2015/16 Service Delivery Targets and Performance Indicators as well as actual performance achieved are attached as Annexure F.

Below is the summary of the first six months SDBIP performance per directorate.

17. OTHER SUPPORTING DOCUMENTS

17.1. Operating Projects Expenditure

The Metro has spent 21% (R146.07 million) inclusive of reclaimed vat of its 2015/16 adjusted budget of R697.73 million as at 31 December 2015. This reflects a regression when compared to the same period in the previous financial year where 40% (R114.10 million) of the adjusted operating projects budget of R288.44 million was spent. It is anticipated that the expenditure will improve once all the procurement processes have been undertaken. The HSDG budget was overstated due to late confirmation of available funding by the Eastern Cape Provincial Department of Human Settlement, the budget will be reduced in the mid year adjustment budget. Should the HSDG allocation that is on the 2015/16 approved DoRA be taken into consideration then the total budget allocated for operating projects will reduce to R521.94 million, therefore resulting in the total operating projects expenditure percentage to increase to 28%.

A detailed schedule of the operating projects expenditure is outlined in Annexure D. Tables 32 and 33 below summarise Annexure D.

19.MID YEAR ADJUSTMENT BUDGET FOR THE 2015/2016 FINANCIAL YEAR

The enclosed performance report will be analysed in terms of its revenue projections and expenditure categories which will culminate in the Mid-year adjustment budget to be tabled in a Council meeting in February 2016 in terms of S28 of the MFMA.

20. SUMMARY OF PROGRESS MADE ON RESOLVING PROBLEMS IDENTIFIED IN THE PREVIOUS YEAR'S ANNUAL REPORT

20.1. Audit Findings

The 2013/14 audit report highlighted qualifications in the following area:

Irregular expenditure

The institution undertook a project which analysed the General Ledger transactions for the 2012/13 and 2013/14 financial years to identify the procurement process which had been followed. This analysis was concluded resulting in an adjustment being processed in the 2014/15 Annual Financial Statements. This adjustment was audited by the Auditor General with the resulting outcome reflected a significant improvement on the prior year disclosure.

An audit improvement plan is being developed from the outcome of the detailed management letter.

20.2. Expenditure Management

Expenditure has shown a positive trend through increasing year on year both in terms of Operating and Capital Projects.

There were however challenges experienced through awarded tenders being challenged through the litigation process and a limited number of service providers tendering for the projects, resulting in a single contractor being awarded a number of projects and with the result that the service provider does not have the capacity to undertake the work within the timeframe required. This contributes to service delivery delays.

The following mitigating factors have been implemented:

- The Bid Committee are being tasked to convene regularly to ensure that there are no backlogs in the tender process
- Additional tender committees have been created with the view of accelerating the procurement process
- Due diligence is being performed on the successful tenderers
- The Implementation of Procurement Planning will also significantly improve expenditure patterns and reduce need for roll-overs

20.3. Revenue Management

The following challenges were experienced:

- Illegal connections
- Unread meters due to accessibility
- Indigent consumers using excess of 6 kilolitres of water which cannot be recovered
- Flat rates being charged in unmetered areas

Below are the corrective measures that are being implemented:

- The appointment of the reconnection and disconnection team to assist in monitoring the illegal connections.
- Council has approved the turnaround plan to mitigate water losses and ageing
 infrastructure assets as well as the implementation of new meters in unmetered
 areas over a period of 3 years. This plan is currently being implemented with
 funding being allocated in the MTREF budget.
- Number of meter readers has been increased with close supervision and monitoring.

20.4. Asset Management

The institution has identified the area of asset management of critical importance to the institution. In this regard a staff structure has been prepared and included in the Council approved organogram. A service provider has been appointed on a 3 year basis to assist with preparing fixed asset registers, infrastructure asset management plans and a comprehensive municipal

infrastructure plan. As part of their appointment there is a requirement to assist in the creation of an internal asset management unit. It is envisaged that upon conclusion of this project there will be a strategic plan for the infrastructure development in the metro and the limited resource of funding will be focused on the areas identified in these documents.
